FOR IMMEDIATE RELEASE

**THE PHOENIX RISES IN ATLANTA ONCE AGAIN**  
A Local Agency Rallies For At Risk Youth

A small community coalition lead by Maurice D. Ravennah, Floyd H. Hardin III, and Nancy Williams incorporated to found Phoenix International Inc. The group is setting out to be the change they wish to see in the world. They have created this corporation for social and economic change and will begin with the youth. Phoenix is starting an independent living program to help transition foster youth into independent living. The program relocates youth from group homes into apartments and teaches them vital life skills such as: financial literacy, professionalism, and home economics. Phoenix has developed strategic partnerships with companies and small business owners to help gainfully employ the youth during and after graduating from the ILP. To learn more visit [www.PhoenixRises.org](http://www.PhoenixRises.org) or call (678) 631-RISE (7473)
