## **Administration**

Mrs. Dorn (Principal), Ms. Loos (AP) and Mrs. Hefner (AP)

The upcoming dance on Feb. 10th was discussed. It will be a school wide event with an 80's theme.

Five Guys fundraiser was a success raising over \$400!

Two staff members from Food and Nutrition were introduced by Principal Dorn, Tracy Bruzendive and Joanne Galvin. They spoke later in the meeting after all of the students arrived.

Principal Dorn announced that SMS registered the 1300th student.

A flyer, Sarasota Middle Highlights, was handed out that had some pictures of Janel Dorn and Michelle Burrell with the 1300th student.

The Highlights flyer also mentioned a thank you for the \$85 approval for an Instructional Enhancement Allotment. Along with mentioning a successful Parent Info Night that was held for both ATA and PGA families of incoming 6th grade families for next school year. Upcoming events were listed as well such as: Practice Writing Simulation, ATA/PGA School Tours, STEM Summit, All State Band and All State Chorus.

The Parent Info Night was held early, December 15th, due to some feedback of parents not being aware of deadlines for gifted qualification, etc. Parents who attended SMS tours in the past had positive comments, they felt welcomed, liked hearing the test scores and the experience made a big difference in their school choice decision.

ATA/PGA combined tours are being held. One scheduled in January, another to follow on Feb. 14th and a third on March 29th. A beautiful, comprehensive folder was put together and is handed out to families at the tour.

Mrs. Dorn addressed she and her staff are working hard to manage the challenges that come along with the growing student body. Redistricting could be possible in the future and/or the possibility of portables on campus as numbers increase.

### **Special Guests from Food and Nutrition**

Salad bar/vending machine was discussed about the needs, wants, strict regulations that have to be met and past success at other schools.

Tracy Bruzendive spoke about the challenges of a salad bar and the minimum number of salads (at least 50 per day) that would need to be served to make it cost effective. Volunteers would also be needed at every lunch as it would not be a self-serve set up. Ms. Bruzendive said that the salad bars in the past at other schools start off strong, but tend to taper off.

Salads are available in the cafe, however, on the average only 8-10 are sold on a daily basis. If students would like to personalize a "SMS Salad" to have available they are certainly welcome to submit their request to the cafe.

Principal Dorn asked Ms. Bruzendive to speak of the national recognition on the farm to table program. Ms. Bruzendive shared the many avenues that are taken to buy locally.

It was also mentioned that All Faiths Food Bank delivers crates to provide snacks for students in need.

Table umbrellas or canopies for the students was also brought up for those who choose to eat outside. Principal Dorn will consult with facilities on the logistics involved if they were to be purchased.
