

# DADDY PETE'S LAWN & GARDEN SOIL

Daddy Pete's Lawn & Garden Soil is a mixture of Daddy Pete's Composted Cow Manure, premium aged pine bark fines, dolomitic lime, and sand.

This organic soil can be used to patch or fill bare spots in your lawn or garden, or to build a good foundation for your gardening project. This organic Lawn and Garden Soil mixture is suitable for seeding new lawns, for rejuvenating established lawns, for top dressing lawns, for flower and vegetable gardens, for backfilling plant holes, and for general landscape applications.
