

SMITH LAND & CATTLE CO.

Dear Cattle Friends,

This is the close of only one chapter and the opening of another chapter in our lives.

We are very proud of all we have accomplished with our Registered Black Angus herd in the last quarter century. We have succeeded many goals with the herd that we set out to accomplish. Adding several donors as pathfinder dams and we won several feed outs at gain and ultra sound contests with our bulls. We have enjoyed working with and offering our bulls and females to great cattlemen for many years. We will miss visiting with breeders about their cattle probably the most.

The opportunity to downsize, slow down and enjoy life more became an option and we took advantage of that offer. After many years of mating and caring for our cow herd, our plans are to concentrate more on our other businesses and family.

Our hope is that our herd and genetics give someone else the satisfaction they have given us.

So if you believe in a maternal cow that needs to do their job every year, is feed efficient and mix in carcass genetics. Then please join us **October 26, 2017 at: Tulsa Stockyards Tulsa OK. 11:00 a. m. (CST)**

The entire herd of 500 head will sell. No exceptions.

Cows - Calves - Heifers

Breeding Bulls - Semen and Embryos

Our Equipment, Tools and Household Sale is Scheduled for

October 31, 2017 9:00 a.m. CST at ranch.

For location see on website www.crsmithangus.com

Thank you to all the friends we've met over the years.

It's been a great ride.

Carol and Ed Smith
