

Product Description:

RT6 is a concentrated scented detergent for routine maintenance of floors and surfaces. Can be used with mop, sponge, and as a spray & wipe cleaner. It does not need to be rinsed off and leaves a lasting pleasant hint of fragrance in the room. **RT6** does not eat into wax.

Typical Uses

Use as a spray and wipe cleaner and as a floor wet mopping solution.

How to use:

Spray & Wipe Cleaning:

Mix 75ml of **RT6** with 1 liter of water.

Apply by spray the solution to soiled surfaces. Allow 30-60 seconds while solution chemically softens soils. For stubborn soils use brush or pad to loosen. Rinse with clean water.

Floor Cleaning:

Mix 50ml of **RT6** for every 1 liter of warm water. Clear the area before you start to mop sweep the floor. Mop in sections, rinse and wring out the mop as required. Let the floor air dry.

Available Packaging:
4x5 liters

**Refer to SDS before
using the product.**
