THINK MISSIONS
HONDURAS REPORT March 2013

David Lynch from Morning Star Church did a fantastic job leading this mission for us. Everyone from Community Life Church and Good Tidings worked and sacrificed to make this mission possible.

Our team went into a very needy area just outside of San Pedro Sula. El Mirango is a tropical paradise that is filled with extreme poverty. Every day the team would travel the bumpy dusty roads into the jungle to the door of this church plant construction project. That door was a suspension bridge that re-

ally kept this mission an adventure. The team worked side by side with nationals laying block, building forms, tying rebar, mixing cement, waiting about, etc.

Each day several team members ran a children's outreach program where they shared the Gospel in creative and tangible ways. Many children responded.

The end of the week brought a very special church dedication service.

The new minister, Pastor Salo was so excited about all the Lord had accomplished throughout the week of construction and ministry. The church was filled with children and adults! The official name is... The Holy Mountain Church.

HUGE CHILDREN'S OUTREACH

The team also had the privilege of working with Missionary Ken Harrell at a huge children's camp back to school evangelistic outreach event. Over 400 kids were in attendance. They were thrilled that 136 of them gave their lives to Christ and are being followed up. That's what I love about church plant-

Prayer Needs Please Pray for our Cuba Team-- (March 1-4) they are on their way to a great week of training church planters and helping to plant more churches. Pam is doing well! Thank you for all your prayers.

SPECIAL PROJECTS OF INTEREST:

- **Bridge plant and build a new church facility** in a very needy area of Honduras.
- **through church plant** in a very needy area of Honduras.
- **see mission and witness** at the children's evangelistic outreach.
