

Synergy News

I hope that those taking iGCSE and AS/A Level exams this year have received their individual timetables for the Easter Holidays. These lessons are not compulsory, but they are highly recommended. It has been proven over the years that using the holidays to intensively study does result in higher grades so the effort is rewarded.

Please let us know if you haven't received your timetable or if you have any questions or queries.

These additional classes cannot be given or taken online. They are for those that can attend.

The teachers at Synergy are entitled to a holiday for Easter but have all kindly given their time as they know how much this means to the students – so a massive thank you to them all.

Saturday School

Saturday school is now running every Saturday after beach runs from 10.30 – 12.30. If you would like your child to attend it is an opportunity for them to revise and review their work in a quiet academic environment. We offer this as we believe home should be a place of rest and happiness and school should be the place for study and academic help. This is especially important for iGCSE and AS/A Level students. All are welcome.

Microsoft 365

Please make sure that your children have Microsoft Office 365 on their computers. Many students are currently working on trial copies and they cannot access all the advantages. It makes it very difficult and frustrating for them and us.

Concerns

I remain concerned about some students lack of respect for privacy on social media. I have spoken with the students regarding this and will be keeping a vigilant eye on what is happening. If I feel the concern is valid then I will inform parents.

Parent Consultations

I have time each week for consultations please contact me for appointments.

Mock Exams

Mock exams are set for 12th -16th March please feel free to discuss these with me.
