Why do you pay a sanction fee? Where does that money go?

Your sanction money is divided into the following:

- \$13 goes to USBC (National Association)
- \$7 will to AVUSBC (Local Association)
 - Note: The local association had not raised our dues for over 15 years.
 - All money is used to run the association and to provide representation and local awards.

What can you expect from your local association?

With this additional funding we will now have the funds to update our local awards program. Past members may recall various awards ranging from patches, magnets and dog tags. We are looking for ways to recognize all bowlers for their accomplishments and dedication to their leagues. In order to make changes we need your help.
