

I have a Native American recipe book from tribes in the USA. To market to foreign countries would the book have to be translated into foreign languages?

Q: I have a Native American recipe book from tribes in the USA. To market to foreign countries would the book have to be translated into foreign languages?

You can market a book to foreign countries by selling foreign rights to publishers in those countries. They would handle the translation of the text, if they buy the book. 9-10:02
