

WHAT HAPPENS IN VEGAS DOESN'T STAY IN VEGAS

Posted on [October 5, 2017](#) by [OfficialNMP](#)

Please note: the following information comes from twelve different sources – several of whom work in the FBI, several at the WH, and several Nazi defectors we know. We are presenting two different narratives because, while most of the story is the same, our govt and FBI sources have different portions of information compared to our Nazi defectors – there is an ongoing investigation about which narrative is true so we are presenting both narratives until proven otherwise. The bulk of these two narratives are exactly the same, just with some variations.

The Las Vegas shooting on Sunday evening was the worst shooting in American history. It was one of the greatest tragedies in recent history – but what if we told you that everything is not as it seems? What if we told you Stephen Paddock was **not** the shooter. If you've wondered how one man could shoot 600 people in a matter of minutes, you're on the right track. Hint: they can't. Even if you don't have the inside information that we do, it boggles the mind to assume that one man, without any violence in his background, could suddenly snap and pull off such a heinous act of terror. The following information comes from insiders, who are putting their lives at risk to expose the truth about the Vegas shooting – and because of that, we will protect their identities. Certain names will be blurred out to protect the integrity of the investigation or to protect our insiders.

Narrative One:

Presented by our Nazi defectors –

international intelligence operatives

My sources are saying M
Mc [redacted] ordered the Vegas attacks
and PEGASUS carried them out

This was the attack that Δ [redacted] as
supposed to do btw Caria and Hepzi

Yes

My sources are telling me that the White House / CIA knew something was going down but [REDACTED] had final say in when it occurred

The attack will either be blamed on the Resistance

Or the attack will be blamed on the right to get ppl at each other's throats

My sources also point out where it took place near the Luxor which is a pyramid shaped hotel, occult symbolism being used

Stephen Paddock was not the shooter – but according to our Nazi defector friends, he was an ex-CIA and Pegasus agent. As we stated the other day, Michael Pompeo is behind setting up the Vegas shooting – he was planning it since last week. It was supposed to happen LAST Sunday, which we leaked last week. They pushed the shooting back a week to throw us (and others) off of their trail.

According to the defectors, Paddock was killed exactly two weeks prior to the shooting. He sent his girlfriend away because he knew he was going to be set up for something.

Unit 17, the Collective's main hit group, was behind the Vegas shooting. The Nazi defectors state that this location was chosen because of the proximity to the Luxor, which is an occultic symbol. They were hoping to power-up more that way because of the occultic symbolism and the fact the land was dedicated to lucifer.

The CIA/Collective agents are preparing for two more false flags within the next week and a half.

Narrative Two: FBI and Govt Insiders

Our FBI and govt friends have told us some interesting intel and a similar narrative, but a bit different

According to them, Stephen Paddock was taken by Pompeo a few days prior to the shooting. He was a person of interest to Pompeo because he knew some information that could bring Mike and company down quickly.

Our insiders said that there were seven shooters – three military (or ex-military) members and four Collective black ops soldiers. They said that they had hotel rooms all around the event and each shot from a different location to maximize the bloodshed.

Paddock's GF is a programmer for the Collective and was sent away BY Pompeo, **NOT** Paddock. She was part of the planning and execution of this – to what extent, we do not know.

The seven shooters set a time frame an hour prior to the shooting and the woman that yelled “we’re all gonna die tonight – they’re all around” was an insider trying to expose this. She knew there were numerous shootings all around them and tried to expose it.

According to our insiders, this girl was kidnapped by the CIA and is behind held, too.

Mnuchin and Bannon, as well as, the shadow billionaires (including funds from MM's bank account) financed this whole thing as a desperate last ditch effort to power-up.

Our insiders say Pompeo and company are planning up to three mass murder false flags in the next two weeks.

Whichever narrative is true, one thing is for sure: Stephen Paddock was **NOT** the shooter. He is either being held by the CIA or is dead. Both narratives said that there was more than one shooter and this is **NOT** the end.

Terror threats across America remain at an EXTRA HIGH level and you should remain diligent. This threat should slow down by October 17th, so until then, use extreme diligence.

I know. It's truly horrific. When we posted this, our main admin's threats increased. In fact, she had a dead bird staked in her back yard. They are desperate to keep the truth from coming out – but we will NOT be silenced. Truth WILL be revealed.

WATCH: LEAKED 2011 FOOTAGE OF VEGAS SHOOTER EMERGES – NOTICE ANYTHING SUSPICIOUS? (VIDEO)

America was hit by the deadliest mass shooting of all time on Sunday, but as more evidence comes to light, citizens are beginning to question the official story. The police have refused to release any and all footage which would prove their story, but our sources reveal that leaked footage from 2011 has now been exposed.

Ever since the shooting occurred, government officials have been hesitant to reveal any casino footage which would verify their story. According to them, a 64-year-old Stephen Paddock was able to carry dozens of sniper rifles and high powered assault weapons up to his room undetected, along with thousands of rounds of ammunition.

He then supposedly smashed open the windows of his 32nd floor room, and proceeded to open fire thousands of rounds into a crowd below. In total, 58 were murdered and hundreds more were injured. Yet, as contradictory evidence mounts up, many are left wondering whether we've been told the whole story.

[Silence is Consent](#) previously reported that Sheriff Joseph Lombardo, leading the investigation into Stephen Paddock, believes that there may have been an accomplice which the media is not reporting on:

STEPHEN PADDOCK, THE LAS VEGAS SHOOTER, LIKELY HAD SOMEONE HELPING HIM IN THE LEAD-UP TO THE MASS SHOOTING THAT KILLED 58 AND WOUNDED NEARLY 500, THE LAS VEGAS SHERIFF HAS CONFIRMED.

SHERIFF JOSEPH LOMBARDO IS NOW LOOKING INTO THE POSSIBILITY OF A SECOND ACCOMPLICE, AS REPORTS SURFACE THAT HE WAS SEEN WITH A WOMAN AT THE MANDALAY BAY HOTEL.

LOMBARDO HAS ALSO REVEALED THAT PADDOCK INTENDED TO SURVIVE THE ATTACK AND ESCAPE, BASED ON EVIDENCE THEY FOUND. IT WAS ONE OF SEVERAL REVELATIONS ABOUT THE SHOOTING THAT IS NOW THE MOST DEADLY IN UNITED STATES HISTORY.

IT IS NOW BELIEVED THAT PADDOCK HAD TO HAVE ASSISTANCE “AT SOME POINT” TO HELP PULL OFF THE ATTACK, ACCORDING TO LOMBARDO, WHO SAYS THE SHOOTER WOULD HAVE HAD TO HAVE BEEN A “SUPER HERO” TO PLAN, SET-UP, AND EXECUTE THE SHOOTING ALL ON HIS OWN.

SHERIFF LOMBARDO SPECULATES THAT PADDOCK STOPPED SHOOTING TO TRY AND ESCAPE THE HOTEL, AS HE HAD A CAR PACKED WITH GUNS AND EXPLOSIVES WAITING. HOWEVER, A HOTEL SECURITY GUARD HAD ALREADY POSITIONED HIMSELF OUTSIDE OF HIS ROOM, CORNERING HIM IN. PADDOCK FIRED OVER 200 SHOTS OUTSIDE OF THE DOOR, DESPERATE TO ESCAPE, TO NO AVAIL. THE SECURITY GUARD WAS SHOT BUT WILL SURVIVE. AUTHORITIES ALSO REVEALED THAT PADDOCK PLANNED TO EXPLODE A GROUP OF FUEL TANKS ACROSS THE STREET FROM THE FESTIVAL, BUT HIS BULLETS DID NOT PIERCE THE TANKS AND IGNITE THE FUEL. THAT IS WHY A SECOND SET OF WINDOWS IN HIS SUITE WERE BROKEN OUT, WHICH PROVIDED A BETTER ANGLE.

Victims of the shooting have also called into the Michael Savage radio show, claiming that they saw a second shooter in the crowd—and while there isn't a smoking gun yet, new footage has been released which adds fuel to the conspiracy fire of this complex and mysterious event.

In 2011, Paddock reportedly slipped in the Cosmopolitan hotel in Las Vegas and later sued them, losing the case. “He was described as being slovenly, not well kept,” said a lawyer involved in the case. “He was not combative. This is not a guy that I would've looked at and thought he's going to commit a crime some day,” he added.

The evidence doesn't seem to add up. This non-combative, unkempt gambler, who did not have a history of religious or extremist group affiliations, just suddenly decided to snap one day and shoot thousands of rounds into a crowd? It doesn't make sense, but then again, mass shootings never do.
