

RIDE LIKE A

PRO®

www.RideLikeAProCO.com

Do you drive around the block just so you don't have to make a U-turn?

Do you replace your boots before your tires because you're a foot dragger?

Do you make turns without leaning the motorcycle, keeping it straight up?

Do you know how to pick up your motorcycle?

You can learn how to control your motorcycle in a way you never thought you would be able to! Many people think that a 800lb. motorcycle is too big for them, little do they know it is not. *Riding is all about technique.* In our 4 hour class, we will cover our Motor Officer Style Training and turn you into a much better rider than you were when you pulled into our parking lot. You will leave this class having gained a lot more confidence in your riding skills and will also be a much safer rider. This is absolutely the best investment you will ever put into your motorcycle! *Go to the website and sign up for a class today!*

Group Classes available - Schedule Today and Receive \$25 off!

Sign up for any individual RLAPCO class and receive \$10 off!
