

Become a Licensed Ham Radio Operator!

The ARCECS is offering you a wonderful opportunity to get trained, Licensed & working in the exciting world of Ham Radio!

We're a 50 year old ham radio club and partner organization of the American Red Cross that provides emergency communication during disasters and communications failures. We meet right here on the 1st Tuesday evening of every month. We also provide public service radio comms for fun public events like marathons and races. In emergencies, you see us in action with the Red Cross. Our radio repeaters provide coverage throughout the metro area, and we're world wide on Voice and Digital modes.

The ARCECS has a *Great Offer* for You!

1. Join one of our FCC Technician Class Training Courses right here in Red Cross HQ. As a Red Cross Member, our certified licensing instructors offer a **FREE** No-Code course tailored for beginners. *You must buy a License Training Manual for \$30.00.*
2. Take the FCC License Exam right here at Red Cross with our authorized ARRL VE License Examiners. The Tech license exam is not difficult. The fee is \$15 and the FCC License is valid for 10 years **with no additional costs.**
3. ***The Deal:*** Pass the FCC Technician Exam and get the following **from the ARCECS for Only \$99.00!**

→ Get a 1 year Membership in the ARCECS, with full ARCECS member and repeater privileges!

→ Get a 1 year Membership in the ARRL **plus** a 1 year print **and** digital subscription to QST magazine!

AND you'll receive a brand new Baofeng UV5R dual band HT ham radio with a desk charger and accessories ,

all pre-programmed and fully tested on our repeaters and many more frequencies!

So get off the grid! Become independent of cellular and power outages!

Expand Your Role in the American Red Cross. Become a Ham!

Classes Are Forming Soon. To Reserve Your Spot, call Dave Akins at 516-312-8745
