WEEKLY MEMO

TO: Elementary parents
FROM: Don Kronenberger and Beth Perdue
SUBJECT: Information for parents and students
DATE: April 18, 2017

We hope everyone enjoyed a great Easter holiday. Due to the short week and the FPS trip to Seattle, **no new homework** is assigned. Your student's latest homework assignment is attached.

The FPS team (listed alphabetically) of **Brooklyn, Hunter, Jimmy, and Kaden** will attend the **Washington State Bowl of the Future Problem Solving Program International (FPS)** April 19 through 21 near Seattle. The topic will be "Identity Theft." The students will depart on Tuesday, April 18 (the day we return from break). They will visit the Museum of Flight and the Chihuly Glass in Seattle before engaging in the three-day academic competition in Stanwood, WA. Don and Bobbi Blow are traveling with the team. Beth will be teaching in the classroom in Butte.

SBM's **annual volunteer maintenance day** is scheduled for Saturday, April 22 from 9 am to 1 pm. This event is a great opportunity to perform volunteer service hours and help maintain and improve the school's physical environment. A substantial list of projects has been developed, so there is sure to be a useful way for all the volunteers to contribute.

Looking to next week, the **SBM Art Show** is Wednesday, April 26 from 5:30 to 7 pm at the school. Please enjoy student art from both early childhood and elementary classrooms along with dessert refreshments. The students will be excited to present art work from this year.

The **Butte Athletic Conference** has scheduled its **Grade School Track Meet** for Wednesday, May 10 at 1:00 pm at Bulldog Memorial Stadium (EMS). This event is for students fourth grade and older. Parents of these students should have received emailed forms and information regarding this event. Track practices will be schedule in the coming weeks, and we are looking for a parent or friend with experience coaching track who is willing to help this year's SBM team.

Please mark your calendars for the elementary classroom's **spring overnight field trip** Thursday, May 18 through Saturday, May 20. More details will be available soon.

If you have questions or need further information, please contact us.
