Spring 2018

## Nominations for Board of Directors

We will be electing three directors and the four executive board members at the annual meeting May 6. The executive board consists of the President, Vice President, Secretary and Treasurer. If you are interested in serving your neighborhood, being on the board is a great place to start.

If you would like to serve on the board please let one of them know.

## NOTICE OF ANNUAL MEETING

Sunday, May 6, 2018

2:00 pm

in the

Common Area

at the end of Flag Court

We will position ourselves under the trees for shade. Bring a lawn chair for your comfort.

## **Yard Waste (Horticultural Trash)**

Yard waste collection service is intended for the collection of routine lawn and landscape maintenance. Routine yard waste is collected once a week. Yard waste may be bagged, containerized, bundled or neatly stacked; each (bag, container, or bundle) should weigh less than 50 pounds. Yard Waste outside of a container should be no more than six feet in length and/or no more than six inches in diameter.

### **Guidelines for Yard Waste collection:**

- Yard waste must be within three feet of the curb or edge of the street or road
- Yard waste must be at least three feet from other fixed objects
- Bundles, bags, or containers of yard waste should weigh less than 50 pounds each
- Yard Waste outside of a container should be no more than six feet in length and/or no more than six inches in diameter

Routine yard trash is any vegetative matter resulting from residential property lawn and landscaping maintenance including:

- Shrub and tree trimmings
- Grass clippings
- Palm fronds
- Branches

Material placed curbside that does not meet the county guidelines of routine yard trash will be tagged with a non-collection notice, which serves to inform the resident that the material is non-conforming debris and therefore cannot be collected. If a material is non-conforming, then disposal is the responsibility of the resident. Routine yard trash does not include:

- Whole trees/tree trunks
- Stumps/logs
- Root systems
- Land clearing debris (i.e. rocks, bushes)

For a list of contract haulers to remove non-conforming debris, contact the Waste and Recycling Division at (863) 284-4319.
