

Please inform your residents we are not picking up tree branches that fell on private property. We will be working to clean up the right of way over the next several weeks, although items that are brought from private property onto the right of way will not be picked up. If it is a traffic hazard, we will ask the property owner to have it removed. If it isn't removed by the property owner, we will have it removed and bill the property owner the cost for removal.

Thanks,

Scott
