- Custom designed team building activities catered to the specifics of the group
- Many activity options can be offered on-site at most locations
- Final conclusion to provide closure from the activities and to determine any recommended steps for the future

CORPORATE TEAM BUILDING & CONSULTING

—Who We Are & What We Do—

Skillful Solutions, LLC is owned and operated by Allison Taylor. Allison previously owned and operated a successful contract electronics manufacturing business for 12 years. Her other work and play experiences include marketing and event management, outdoor education activities (backpacking, rock climbing, ropes courses), summer camps, environmental education, and freelance writing and editing. Her corporate consulting specialties include evaluating and establishing systems and procedures, health and safety program implementation, and assisting through mergers and acquisitions. Her background includes in-depth knowledge and experience in HR, A/R, A/P, shipping, receiving, inventory control, production management, and quality control. In addition to the above, Allison is skilled in procedure writing and organization. Skillful Solutions, LLC is available for business consulting, retreat planning, keynote speaking, and full service team building activities and events.
