

WET WEATHER PROCEDURE 2017

If there are any wet weather changes I will advise you as they happen - up to 5.00pm Friday.

However, it is your responsibility to check from late Friday / Saturday mornings whether your appointed game has been moved or postponed.

PLEASE - before you leave for your game check if it is still on as scheduled:

Trials Please contact the club directly as they may not let anyone know that games have been cancelled.

Premier Clubs (grade and colts) go to the NSW Rugby website: nswrugby.com.au - Follow the links - Shute Shield – Draws.

All grades will be listed individually and you will see if there is any change. If in doubt ring the home club direct to find out if your match is on. Alternatively check the fusesport app.

NSW Suburban (including women's rugby) go to the Suburban website: rugby.net.au – Wet weather button top right hand of home page.

Game cancellations or venue changes are updated on their website as soon as they are known.

For those without internet – you can ring Subbies comp manager Tim Richards: 0405 321 763

Schools – CAS, GPS, ISA – suggest you contact the host school direct. Schools won't update me so you MUST check yourself.
