Templeton's "Almost Daily" News

Serving the residents of the greater Templeton area since 2000

This **MAY 22 NEWS FLASH** is brought to you by Lisa Moore and her wonderful crew at Whitehorse Tack, Gifts & Supplies. Within walking distance of the Equestrian Pavilion at the fairgrounds/event center, Whitehorse provides everything equine enthusiasts need to care for the horses they love - outfitting both horse and rider, while providing necessary grooming and care supplies in addition to numerous gift items. Drop by the

store and say hello or visit their new website (click on their spot to the left) for a look at the complete array of products available.

NEWS FLASH

Fate of Templeton Fire now in the hands of the voters

[MAY 21] Voters in the town of Templeton will now have the final say in the decision on whether or not to keep Templeton's Fire & Emergency Services Department.

After almost a decade of work, trying different staffing scenarios and researching various additional funding mechanisms, the Board of Directors for Templeton Community Services District (TCSD) voted unanimously tonight to hold a special all-mail election in August.

Voters will be asked to support a special tax levy to fill the funding gap necessary to staff Templeton Fire for 7/24 service. It will require a two-thirds vote to pass.

Much more on this in upcoming updates and special editions. In the meantime, please see the "Decision 2019" page on the Soaring Eagle Press website (click on the SEP banner above) for a number of resources to read and study prior to voting.

THE WEATHER STATION & RAIN GAUGE

Wed 5/22	Thu 5/23
69° 47° F	64° 49° F
	
Partly Cloudy	AM Clouds/PM Sun
 0 in	 0 in

More cool, cloudy weather with mild winds is on tap for the next few days. This weather forecast is courtesy of Weather Underground. Please [CLICK HERE](#) to visit their regularly updated 10-day weather forecast for the Templeton area.

With essentially double the annual rainfall this season, weed abatement remains a **VERY HIGH PRIORITY**. Please make certain that your property is fire safe, now and throughout the fire season. It is highly probable that mowing, trimming, disking, etc. to stay fire safe will be necessary several times this year.
