## President Letter -- March 2016

Lots of information to share this month.

First a recap of the Feb. meeting. A scheduling snafu meant the original presenter could not make it. Shannon from Meant to Bead stepped up to do a workshop for us. I love how my beaded ring turned out (picture below). I tagged/copied/printed other beaded ring patterns and I feel more confident giving them a shot. We are working on rescheduling the original presenter for a future meeting.

We'll see Shannon again at the March 28<sup>th</sup> meeting at Meant to Bead in Sun Prairie. She brought an example of the pendant we'll make to the Feb. meeting. More information will be posted on the Meetings/Program page (<http://www.madisonbeadsociety.org/meetings-programs-1.html>).

On April 25<sup>th</sup> we're meeting at the Alicia Ashman Public Library, the day after the Art Glass and Bead Show, so we thought it would be a good time for Show 'N Tell. Show us what you bought, what you're working on, what you plan to create, and what inspires you.

For upcoming meetings, we've had a request for a right angle weave workshop and Teresa came to the February meeting wearing a necklace she made and agreed to teach. Any volunteers to teach a right angle weave project? Also, we'll be contacting Diakonos in Stoughton for a summer meeting (June or July probably).

For the Art Glass and Bead Show, April 22-24 this year, we're doing the same thing we did last year – “sell” squares on the table so you can sell your finished pieces or lampwork beads. More information will be posted to the Show page (<http://www.madisonbeadsociety.org/shows.html>). So we have to wait a little longer this year for AGBS, but it will be worth the wait

See you at Meant to Bead!!
