

Footsteps to Hope is a cancer support group in Windsor for women diagnosed with cancer and for survivors of cancer.

Cancer is a difficult journey to take alone. Cancer is not just a physical diagnosis; there are many other challenges to get through emotionally, mentally and spiritually. Someone can find hope to overwhelming questions and concerns from someone who has walked in similar steps on a difficult journey. A survivor is a shining model of what hope looks like through her example of strength, courage, faith, perseverance, inspiration, understanding, and compassion as she walks beside with encouragement for the next step to surviving. We can all support each other, and together we are stronger. We can find hope, and together we can all take steps to survive cancer.

As one town, one spirit; we need YOU to be the HOPE for women of our community! Please join the effort by supporting Footsteps to Hope and all the women in your community during the annual fundraising event of the year, the 5k Run/Walk September 28, 2019.

Below are lists of ways you can support Footsteps to Hope during the 5K Run/Walk, as a participant or sponsor:

PARTICIPANT:

- Arrive with your support wearing colors of Pink. Help us “PINK it Up” in the Park.
- Participate as a volunteer and/or as a participant in the run or walk
- Invite others to join the effort.
