

## **TRACK RENTAL TEST & TUNE INFORMATION**

The Speedrome is available for testing during daylight hours via track rental. It is \$100 per hour with a 2-hour minimum rental required. 3-car maximum per rental. Only one car can be on the track surface at a time.

It is highly recommended, but not mandatory to have an ambulance on site for any track rental. The cost of having an ambulance is \$75 per hour. Must be pre-arranged.

A track rental must be paid before entering the pit area. Rental times are by appointment only and can be booked in person or by calling (317) 353-8206 or by stopping in the Speedrome Pit Office.

ALL practicing Speedrome race cars must be current with all Speedrome technical and safety inspections. Cars outside of the "regular" Speedrome divisions can be approved through their sanctioning body.

EVERY person must sign-in before entering the pit area and abide by the Speedrome Rules of Competition. No exceptions! Anyone under the age of 18 must have a parent or legally court appointed guardian with them at all times. Minors must also have a birth certificate on file with the Speedrome Pit Office.

Both the on and off track gates must be closed while a car is on track. Persons shall NOT stand behind those gates during the practice. No person shall be on the track or in-between the wall and fence while a car is in motion on the track surface. No personal vehicles are allowed in the pit area during a track rental.

Violation of any of these rules can end your session immediately without refund of your payment.

If the track rental session is interrupted by weather, the track will credit the renter with future track rental time. No refunds.
