2.4) Please provide any additional comments you would like to convey to the instructor about YOUR performance in this class.

- I definitely learned so much in this class every week!
- I had a lot of fun with this class and always put 100% effort in. I always read before class, paid attention in class, made comments in class, and put effort into stidying for quizzes.
- I have deeply enjoyed this class and learning about different approaches across the world
- I know that I should have participated more in class and maybe I could have done more of the extra credit assignments to strengthen my understanding of certain concepts for my final paper.
- It was clear that Professor Scauso was very invested in the class and put in a lot of work. His effort was clear and made the class a more effective learning environment.
- Professor Scauso made this class a learning space where I felt very comfortable. I believe without his structure of the lectures or how dedicated he is about our class subject I would not have had a great performance in this class.
- This semester has been one of the most mentally and physically challenging out of the near four years I've been here. Professor Scauso is incredibly understanding and accomodating with work, questions, and human morality.

- Was stressed about my Capstone. Put too much of my time both physically and mentally into my work for that. Therefore, my work for this class along with my others were hurt which I highly regret.

3. *The Professor*

3.8) Please provide any additional comments you would like to convey about the professor's teaching:

- I felt like he was very fair in his grading and gave thoughtful feedback
- Professor Scauso genuinely cares about the material and stimulates students with his passion and knowledge of the subject for a valuable learning experience.
- Professor Scauso has a wonderful, upbeat attitude every class, which is great to look forward to and is motivating to come to class and reach out for questions or concerns.
- Professor Scauso is an amazing teacher who transmits difficult information very well. I learned so much in this class and really challenged my intellectual limits. He approached every topic with sensitivity, thoughtfulness, and clarity.
- Professor Scauso made the classroom a very fun and invigorating environment and allowed me to have a new appreciation for foreign relations and IR. He was very understanding and beyond helpful! I hope to take more of his classes in the future!
- Professor Scauso was my favorite professor this semester. I enjoyed his enthusiasm for the topic, I feel that it was infectious. I was always excited to come to this class and learn. I also feel like he paid special attention in making sure everyone understood the concepts, which was appreciated as many were higher-level. However, I was able to understand them all just fine.
- When tackling sensitive subjects Professor Scauso did an especially good job being sensitive to possible triggers that students may have and was considerate of all potential viewpoints in the class.

4. *Class Materials*

4.3) Please provide any additional comments you would like to convey relevant to class materials:

- All material was communicated clearly
- I thought that sometimes the reading wasn't very helpful as it would be confusing, and everything would always be explained in class much clearer.
- I've never studied IR and the class text was very clear and overall helpful.
- In all honesty, I feel like the information could have been consumed just as well without the textbook. It did support my learning though. The assignment and exams were all designed effectively and well.

5. *The Course Overall*

5.3) Please discuss any and all strengths and weaknesses related to this course:

- Thank you so much for the great semester. I learned so much and felt it was a very valuable experience.
- The course really ensures that each students knows the various approaches and concepts. There were not any weaknesses that I noticed, I have nothing bad to say about this class and would recommend it to others.
- This class was an elective for my second-to-last semester here at QU and I am overall glad I've learned more about politics given I am studying PR and journalism
- This was my favorite course. I learned a lot and I had fun doing it. I feel like my understanding of international relations improved, and my own ideas are now much more nuanced. I appreciated having my own worldview challenged and I feel like I am a better person/student for having taken this course.
