Prayer Partner

We recognize that building the church of Jesus Christ is a spiritual endeavor. Therefore building a team of faithful prayer warriors is a cornerstone of our ministry. If you would like to commit to regularly praying for our ministry in Odessa, Ukraine, please let us know. It is truly a privilege to enter into spiritual warfare with you in this way.

Financial Partners

SEND International is a faith mission. Every SEND missionary relies on the Lord to provide for their material needs. Financial partners commit to invest in a specific missionary's ministry. Their investment helps provide a modest but adequate salary, ministry expenses, medical and pension. A small part of their investment covers the cost of administration. Without financial partners the work of these missionaries will not happen.

Some financial partners agree to regular support, while others prefer to contribute from time to time toward specific projects. Financial partners will receive prompt tax receipts, regular missionary newsletters as well as updates on what God is doing in other places where SEND and its partners minister.

** Contributions are solicited with the understanding that the donee organization has complete discretion and control over the use of all donated funds.*

**Honoring Christ Through
Growing His Church in
Odessa, Ukraine.**

Making Disciples in Ukraine

Alyona. Igor. Svyetta. Andre. Katya. Sergei. Vitalic. Anya. Bairom. Delia. Maxim. Luda. Victor. Branislav. All beautiful Ukrainian names. These names would be even more beautiful if you knew the people behind the names and each of their stories. Some are pastors. Some teachers. Some contractors or plumbers. Some were soviet military officers. Some were mafia muscle. All of them have been transformed by the life that only Jesus can give. All of them are working in God's harvest in Ukraine.

It's been eleven years since we first packed up our belongings, bundled up our kids and left Fullerton, CA. for Kiev, Ukraine. We arrived in Ukraine with the desire to serve Jesus Christ by helping to equip His church in a place that only recently had begun to allow Christian churches the freedom to grow and impact their culture openly. We arrived with a conviction that our ministry needed to be "incarnational." We needed to adapt to Ukrainian culture as much as we could, learn to speak the heart language of the people there, and seek to minister to Ukrainians in ways that they could relate to. It's been an amazing and full eleven years.

We have now lived in Odessa, Ukraine for eight years. We have relationships through school, neighbors, English clubs, church and seminary. We have enjoyed many opportunities to minister alongside our Ukrainian brothers and sisters. We've helped to train leaders. We've shared about Jesus Christ with those who don't know him.

"Not that I have already obtained it or have already become perfect, but I press on so that I may lay hold of that for which also I was laid hold of by Christ Jesus. Brethren, I do not regard myself as having laid hold of it yet; but one thing I do; forgetting what lies behind and reaching forward to what lies ahead, I press on toward the goal for the prize of the upward call of God in Christ Jesus."

Philippians 3:12, 13

We've had opportunities to demonstrate love to people in tangible ways. We've participated in the public school culture at our kid's Ukrainian schools. And now, with great joy we minister alongside former students and new friends in a new, dynamic church plant. While everyday brings new challenges, we feel unspeakably privileged to be able to minister and grow together alongside so many committed believers in a country that sits at the crossroads between East and West.

The harvest in Ukraine continues to be plentiful. Ukrainian church leaders are learning to impact their society in strategic new ways in the strange mix of political corruption and uncertainty that is present-day Ukraine. The regional interconnections left by the USSR also give Ukrainians unique opportunities to reach Eurasia for Christ. And yet believers here wonder how long their freedom to openly proclaim the gospel and build up the Body of Christ will last. We can't imagine doing anything else than equipping Ukrainians to be a source of the Bread of Life to a hungry world.
