

## Bonfire

### Location:

Google maps location: 49.595368, 11.764931 (your GPS won't lead your car here because it doesn't know the tractor trails, but if you can see this location by zooming out or by using pedestrian mode, then you'll have no problem).

### Directions from the Vilseck House:

Drive past the front of our home about 130 meters (turns into dirt road, down the hill toward the donkeys) and turn right. In 300 meters, turn left at the fork. Stay on this road another 700 meters: through the woods, up a hill, cresting over the hill, and back down until several roads meet. Turn right and you're there!

OR

From Unterweissenbach (less tractor trail): There is only one curbed road leading out of Unterweissenbach (Google Maps location: 49.593302, 11.759842). Follow this road behind the barn and up the hill (north > northeast) for 0.5 km. At the intersection turn left and you're there!
