

Generic Remote I/O Panel

SPECS

Environmental

Enclosure Dimensions: 24"x24"x12"

Enclosure Type: Wall Mount with quarter turn latch

Environmental Rating: NEMA 4/12

Operating Temperature: -40F to 120F

Electrical

Input Voltage: 120VAC 60 Hz Single Phase Power

Power Consumption as configured (MAX): 8A

Communications

Ethernet Ring Capable

Supported Protocols: Modbus TCP, Ethernet/IP

I/O

(6) Relay Outputs

Nominal Load Voltage 230VAC / 30VDC

Nominal Load Current (AC) 3A

Nominal Load Current (DC) 1A

(12) Digital Inputs, 24VDC, Sinking

(8) Analog Inputs

-10...10VDC / 0...10VDC, 0...20mA / 4...20mA

Nominal Voltage 24VDC

Parameterized measured variables: voltage, current, Pt, Ni, R
