## Moran Thrive-Pride News

### Halloween Decorating Contest

Sign up at Moran City Hall by October 28, 2022  
and Judging will take place on October 29, 2022.  
Winner(s) will be announced!

Sponsored by: Moran Thrive-Pride

### City Wide Garage Sale

**Saturday, October 22, 2022**

A \$5.00 registration fee will be collected to offset publication of the sales in area newspapers and for publication of a map advertising sales throughout the City. Stop by City Hall to register your sale ASAP as the deadline to register your sale is noon, October 19th. If you do not want to go to the trouble of having a sale, Thrive will accept your donation of items on Friday, October 21st at the Community Center from 4:00 PM to 6:00 PM.

**Thrive will be having their Free Will Donation Sale at the Senior/Community Center from 7am to 1pm on Saturday, October 22, 2022.**

### School is in Session.....

The City of Moran would like to encourage motorist to be observant of the speed zones and children walking and riding their bikes around town and the Marmaton Valley Campus.

20 mph speed limits have been established on Oak Street just south of the school complex and N. Birch Street between the 400 and 700 blocks. Additionally, a lighted 20 mph zone is enforced on HWY 59 between Walnut and Church Streets during the following times Monday—Friday:

7:30 am— 8:30 am

3:00 pm—4:00 pm

## HOW TO SAVE ON ELECTRIC BILLS?

**Seal it up!** Check for leaks around windows, doors and other openings to to outside. Seal these leaks with caulk to keep the warmth in.

**Furnance Checkup!** Have your furnace and heating system inspected annually to check for leaks or other problems.

**Insulate!** Wrap old water heaters with proper insulating jackets and set the temperature to 120F (or lower). Insulate your plumbing.

**Use mother nature!** When it's cold outside but also sunny, open the blinds during the day to let the sun help heat your home.

**Wash cold!** Whenever possible, use the cold water setting on your washing machine.

**Check and replace HVAC filters!** New filters usually only cost a few dollars. Dirty filters cost more to use, overwork the equipment and result in lower indoor air quality. The filters should be replaced regularly.

**Control the temperature!** Set the temperature to 68F or lower in the winter. A programmable thermostat can make it easy to set back your temperature.

# Moran Through the Years

Moran Day 2022 • September 17
