

CAPE 2019 Substance Abuse/Opioid Web Resources

CENTERS FOR DISEASE CONTROL (CDC) RESOURCES

[CDC Shareable Graphics](#) - CDC provides the science behind understanding the opioid epidemic and developing solutions that work. Download and share the graphics or videos below on social media, in presentations, on promotional materials, and web pages. Includes Opioid Overdose; Prescribing; Illicit Opioids; Rx Opioid Videos; Rx Awareness Videos; General Videos.

[CDC Microsite](#) - This [microsite](#) is a customizable version of the CDC Opioid Overdose website that you can host on your own website. It includes current opioid data and a collection of resources and trainings related to the CDC Guideline for Prescribing Opioids for Chronic Pain. Once embedded, it will remain current with the most recent opioid content.

[CDC Healthy Communities Program: Tools for Community Action](#) - The Guide to Community Preventive Services offers science-based recommendations and findings on strategies and policies that improve health and prevent disease in communities. Find policies, programs or services, funding, research, and education on a wide range of health topics, including obesity, physical activity, and tobacco.

[Communities that Care](#) - Communities That Care PLUS helps communities prevent youth problems before they start.

CADCA

[Community Anti-Drug Coalitions of America \(CADCA\)](#) - The mission of CADCA is to strengthen the capacity of community coalitions to create and maintain safe, healthy and drug-free communities globally. This is accomplished by providing technical assistance and training, public policy advocacy, media strategies and marketing programs, training and special events.

[CADCA's Online Rx Abuse Prevention Toolkit](#) - The toolkit contains facts, strategies and tools to prevent and reduce teen Rx medicine abuse in your community. This newly revised toolkit is based on CADCA's Seven Strategies for Effective Community Change. Incorporating these strategies will help you formulate, modify and implement your prevention and intervention strategies.

EDUCATION DEVELOPMENT CENTER

[Prevention Collaboration in Action](#) - Effective prevention requires the involvement of multiple players, working together to address complex problems. This toolkit showcases some of the exciting ways SAMHSA's prevention grantees are collaborating across communities and behavioral health fields to prevent substance use and misuse and promote overall health and wellness in their communities.

RURAL HEALTH INFORMATION HUB

[Rural Response to the Opioid Crisis](#) - This guide will help you learn about activities underway to address the opioid crisis in rural communities at the national, state, and local levels across the country. It identifies:

- Initiatives and funding opportunities
- Rural program examples
- Tools and resources focused on prevention, harm reduction, and treatment

CAPE 2019 Substance Abuse/Opioid Web Resources

THE DANYA INSTITUTE

[A Guide to Reducing Addiction-Related Stigma](#) - A guide to provide the addiction treatment and recovering community with practical information and tools to enhance their capacity to engage in effective stigma reduction efforts.

EXTENSION OPIOID CRISIS RESPONSE WORKGROUP

[Shared Extension Programming](#) - Summary information about existing programs being used by Extension in several states to address the opioid crisis. These are programs that could potentially be shared and used in other states seeking to play a larger role in addressing the crisis.
