Academic Eligibility Form

School:	
Division:	
Lake:	
Tournament Date:	

One of the primary goals of the THSBA is to promote education through fishing. A critical piece of this movement is encouraging our student anglers to excel in the classroom as well as on the water.

Per the THSBA Tournament Rules (Section 2: Participation & Eligibility) we have the following requirement:

"In order to be eligible to compete in any THSBA tournament, contestants must have passing grades in all subjects enrolled. Team Advisors are accountable to ensure all competing student anglers from their respective schools are meeting this requirement for eligibility."

In order to satisfy this requirement of participation, this form needs to be completed and signed by appropriate school district personnel. To respect the privacy of all individuals, this form does not require actual student grades. It does require that all grades have been reviewed and satisfy the "passing" requirement per current school district guidelines. The time period covered will be the most current grade report card or progress report per school district guidelines.

FAILURE TO COMPLETE & RETURN THIS DOCUMENT WITH TOURNAMENT REGISTRATION FORMS WILL MAKE YOUR TEAM AND STUDENT ANGLERS INELIGIBLE TO COMPETE.

Student Angler Name	Meets Eligibility

MAKE ADDITIONAL COPIES AS NEED TO COVER ALL MEMBER ENTRIES

By signing below, I confirm that grades in all classes for the student anglers listed have been reviewed by the designated school district official and each student meets the "PASSING" requirements in all subjects.
