During the 7 years from 2013-2020, I embarked on a project to voice the opinion of and to defend the poor in my community with a newsletter. The collection of Guccie Times in this book goes back to 2017 and excludes my first attempts at it in 2013-2016. Those 2013-2016 issues were erroneous, many written in anger with the attempt to retaliate against someone in the community who had “violated” me. I have since apologized to those men, assuming the violation was only a Shaolin Lesson. I have tried to make these later issues more rational and appropriate to publication law, and the final result is the Volume 7. Earlier volumes contain things relevant to prophecy that came out for the first time, but you will also find interwoven things that are ridiculous. Volume 7 issues are based only in developing evidence with the focus of the content to be on solving crimes, and only a few volume 7 issues are given in the first edition of this paperback.
It has been quite some time since the publication of Guccie Times hit the newsstands. Mr. Guccione has been in seclusion and making plans, or so says his public official Jim Robinson. We wanted to give you some insight into Mr. Guccione’s thinking, so we have decided to reissue The Guccie Times with this short interview with Mr. Guccione.

Gucci Times (GT): Mr Guccione, it is a pleasure to have you with us today. Would it be okay with you if we asked you a few questions?

GT: First we'd like to know how you are doing. How is your physical health?

JG: I usually do not discuss it much, but my physical health is well. Thank you for asking.

GT: You're welcome. So, did you hire Mr. Robinson to work for you again?

JG: Yes, I did. Robinson has been looking for work. He currently washes floors and bathrooms. He says he wants to go back into his art.

GT: I see. And has he planned any showings?

JG: He has a website, jartworks.org, and he sells his current line of Christian art. I had to close down his introductory website.

GT: Do you mind if I ask why?

JG: His figures are too stiff. It's like they have a rod in their backs. I want him to practice.

GT: I see. So will we be seeing Jim out drawing?

JG: Yes, he hasn't been drawing for some time. He's been taking a break from his practice.

GT: I see.

JG: He's going to propose a mural to the Lunar Restaurant on Mulberry Street in New York City. I will have to put him up in a place to stay.

GT: I see. Does Jim like NYC?
Quite a bit of time has passed since the last internet release of the Guccie Times Issue 1. The staff understands that Jim Robinson was arrested in July for brandishing a CO2 pistol and charged with Attempted Criminal Possession of a weapon. We managed to get ahold of Mr. Guccione to ask him about Jim’s recent bout with the Colonie Police.

Guccie Times (GT): Mr. Guccione, we understand that Jim Robinson was recently arrested for having an airgun and pulling it in Colonie. Can you explain this?

JG: Certainly. He shot his airgun unto the air outside on the street when no one was around. A car passing by reported seeing him display the imitation weapon and reported it to the Colonie Police. They then had him arrested and charged. He was sent to the Albany County Correctional Facility. The Public Defender’s office in Albany tried to reduce the original Felony D charge down to a misdemeanor but was unsuccessful. The DA proceeded to indict him to the county level and offered him a plea bargain, as assisted by his public defender to a class E Felony with a sentence of time served and 5 years felony probation. The Public Defender was successful with her proposal and the DA and judge agreed to the plea bargain. Robinson waived his right to an appeal. He then did two and a half months in the ACCF and was released to do his probation sentence. Jim now serves his probation with the fear of doing a year in prison if he violates his probation, even if it is a mistake.

GT: We see. That is quite a sentence for just shooting off a toy gun.

JG: I agree.

GT: So, there is no hope now for Jim to get a permit to carry a real gun?

JG: I am planning for Jim to learn how to use a real gun with a permit as issued to him by the Troy Police Department. He is my public official. Jim was recently burglarized of his credit card, cell phone and cash from his apartment. The burglar proceeded to use his card to take $10,000 worth of purchases. SEFCU agrees to put all the money back in Jim’s account because the money is insured up to $250,000.
In a world of turmoil and plenty, opposites, we still fight for the peace of mankind. At least that is what we understand about Mr. Guccione. He wants his way, but he doesn’t want human suffering. When we asked him about the human suffering of today, here is what he said:

“Many people blame God for everything that goes on in the world. But there is a force besides God as we all readily know. Robinson says that force is Satan and the power of evil that renders people to rise up in power while others suffer. This is a direct result of men growing old and not being able to fight anymore.”

GT: What do you mean by fight?

JG: The martial arts are at their peak in the Panther system. Those who have the art down well understand the need to protect their belongings. You can’t just hand it down to the rigorous younger generation to be their responsibility. You still have to fight in your old age.

GT: We wanted to know, are you in fact teaching Robinson the Panther art?

JG: Robinson is too old for the martial arts. His legs hurt him all the time just from walking. He has a medical problem with his legs.

GT: Then how does Jim protect himself from the rigorous 30 year old Gambino? Jim is a poor man and you know that the Gambino will eat him up.

JG: Jim, like I said before is going to get a gun legally because he is an asset to society. He is currently working with the detective in Troy on his own case, and he will soon delve into the law enforcement family.

GT: We see.

JG: The older the Panther art gets the more the artist demands his power. Some of these old men do not even know the Panther art, like Jesuit Priests of the Catholic regime and homosexual abortion doctors. They dizzy up the girl.

GT: What do you mean by this?

JG: These men place demands on major political figures in society by torturing a sex slave. Trump has this problem, as do most of our modern day political officials. It is a wonder they can even do anything at all let alone pass a medical care bill. Robinson says that Kim of North Korea got caught up in this also.

GT: Does Robinson have any religious standpoints because we understand he is your religious expert and you do not discuss politics or religion.

JG: Robinson says he thinks that the late Reverend Jack Hyles and his entire ministry were subject to the girl. He says that Jack Schaap never had sex with a 16 year old girl and that it was a setup that went back years in his ministry when he started to doubt the inspiration of the King James. He says that Jack Schaap and Jack Hyles’ daughter were subject to the girl and were forced to make those testimonies so that the First Baptist Church could fall. That church had the most bus kids coming to it on Sunday morning.

GT: That’s quite a claim. How does Robinson know all this? Is it true?

JG: I’m not sure. But he’s my religious expert, and he’s not a priest. He’s a man.

GT: We see. Very well. Thank you for your time, Mr. Guccione.

JG: Likewise.
The Guccie Times has been following the Guccione mafia because we are concerned about the power of this regime in modern society. It has been said by many that the websites and corresponding media are just the delusions of Robinson, who claims to be Jim Guccione’s public official, and we have no proof that Jim Guccione even exists.

By far the proof is in the pudding. If Jim Guccione has a mafia we are sure it will expose itself in the upcoming months, or perhaps years, but the staff of the Guccie Times depends on the investigations of Robinson to support its claims. And one of these claims is the matter of pornography, a very prominent phantasm in modern culture.

We interviewed Mr. Guccione to see what his claims were on this topic. These interviews are done using electronic devices so we have no proof that the person we are talking to is actually Jim Guccione. It is the best we can do.

GT: Mr. Guccione, we are happy to have this opportunity to talk to you and present your person to the American People. We understand the people are eager to hear from you.

JG: Thank you, but I'm not a political figure.

GT: Yes, we understand. We wanted to present to you one of the most controversial topics in American history the matter of pornography. As you well know, pornography has affected many parts of our lives because of its free reign on the internet. It seems it is no longer a matter of being a billion dollar industry but it has become an art for its own sake. We wanted to know, it pornography a part of your mafia?

JG: No, its not necessary.

GT: But how can you even claim to be a mafia if you do not have the power of pornography?

JG: I have the Panther art. That's all I need.

GT: If you do not mind us asking, are you for or against pornography?

JG: I'm neutral. Its really your decision, but it is not necessary for me.

GT: Can you tell us anything about it? Many Americans are opposed to it and some would even ask where it is being made so that they can avoid those communities.

JG: It's a culture that stems from Bob Guccione's Penthouse.

GT: So then it has its most powerful base in New York City?

JG: Yes, but the other major cities as well.

GT: We understand that Robinson recently made a claim that they make porn on Lark Street in Albany, the state capital and sell it underground in Greenwich Village.

JG: I can't support that claim. Robinson has been known to make mistakes.

GT: He says that young men have been known to come to Lark Street from New York to rape the girls who star in the porn. He says that the girls really do not want to do that but they are forced to do it.

JG: Jim enjoys great quietness in his older years. I'm not sure about these claims. I wouldn't arouse the people of Lark Street about something like this. Its not necessary.

GT: Yes, we see, Mr. Guccione. We are only speaking for the general public who seem to be concerned about pornography. But we understand now that you are not an advocate of it and it is not a part of your mafia.

JG: No, its not. Its not necessary.

GT: We see. Very well. Thank you for your time, Mr. Guccione.

JG: Likewise.
It has become apparent to the staff here at the Guccie Times that the American people have become more interested in our media. In a turbulent time, when countries like North Korea threaten the security of America and in the aftermath of the falling of the Twin Towers with over 3,000 casualties and many more people suffering from belated illness resulting from the rubble, the Guccie Times has set out to find answers.

Is there any hope for America? Many have given up on God, or a god, or tuned to other gods and there is so much confusion for the younger generation we find ourselves losing our children to media personalities that promise us a life of health but deliver slavery. What is happening to our country? We recently asked Mr. Guccione to validate himself that maybe there would be some hope for America, that is if Mr. Guccione is not just another gangster.

GT: Mr. Guccione, the Guccie Times would like to honor you to the American people as a prominent mafia, but we have no proof that your person exists. We have only known you by electronic device. We mean to ask you, do you appear to Robinson in person or are you also concealed by the interface?

JG: Robinson knows who I am. I have been made apparent to him during his stays in the mental hospital and jails.

GT: Can we ask: would you be willing to meet with a member of our staff to authenticate your existence? We believe this is becoming increasingly important to the American people.

JG: Yes. You can meet with me before your next publication.

GT: Thank you, Mr. Guccione. May we ask: Robinson has recently been noted by the general public as having made comments about Paul Gambino, calling him a punk. He also said that porn editors are all gays. He said that if they didn’t have any money they would be homeless because nobody cares about them. Do, you have any comment about this?

JG: (pause) This is a free nation. Robinson is free to speak his mind.

GT: But these are prominent mafias around the world. Don’t you fear for Jim’s safety?

JG: When Jim finishes his probation he will legally get a gun. He will maintain his own safety.

GT: But what does he do in the meantime?

JG: Keep himself free from mistakes. The cops are not looking for reasons to violate Jim on his probation, unless he gives them one. He knows his conditions and terms of his probation. He has a good relationship with his probation officer.

GT: Very well, thank you Mr. Guccione. Have a nice day.

JG: Likewise.
The Guccie Times asked Mr. Guccione briefly about recent controversies concerning the authentication of his person.

GT: Some people have been known to say that you do not exist and that Robinson is living a delusion that he is in fact Jim Guccione. Jezebel’s spit is going to make him grow into a 7 foot man and his dreams of learning the Panther art from David in the park will mesh with the development of his body and he will become a master of the Panther art.

JG: And you believe that? Not even Jim’s god can do that. You are quite a religious man.

To settle the controversy, the Guccie Times requested and was granted an invitation to James Guccione’s office. The newspaper sent Cal Ferari and Jim Robinson was asked to come along also. Robinson agreed saying, “This is exciting.”

When Robinson was asked whether or not he had already seen Mr. Guccione he said, “No, I only knew about my releases from the hospital and jail.”

Robinson gave a description of the walk to the office saying, “We were led by an older gentleman down the walkway in Little Italy until we came to a door in a building. We were then blindfolded and I heard the door open and we were led into the building. We were led down a few halls and through 3 more doors until the blindfolds were taken off. Then, there he was, behind his desk.”

Cal Ferari reported, “This is probably the one and only time anyone will ever see him. He says he does in fact walk in public around other men his size, but he passes through the crowd unknown. It was an honor. And it was an honor for Jim, too.”

The Guccie Times asked Jim Robinson, “What did you think about Mr. Guccione?”

JR: Well, he sure has a lot of power. I thanked him for all of his help.

GT: We understand you are a soul winner and soul conscious, so much so you’ve set yourself up for harassment charges and it is good that the community knows you’re a soulwinner. We wanted to ask you, is Jim saved?

JR: He may be, but he usually leaves the religion up to me. He has a lot of other responsibility.

GT: Do you think Mr. Guccione has some hope for America?

JR: Well, I understand he has a lot of thoughts in his mind. I’m actually not sure how much he is concerned about America. But he’s been kind to me.

The Guccie Times understands the general public will take time to understand the person of James Guccione, but we do one thing for sure. Mr. Guccione does, in fact, exist.
It seems that we are under a writing to assist Robinson in his current investigation. It concerns the matter of Jack Schaap. When asked about it here is what he said:

Jim Robinson (JR): Schaap is doing time because the Paul Gambino mafia dizzied up the girl to get him to doubt the inspiration of the King James years ago. This led to his fall with a 16 year old girl. But Schaap didn’t do it. It was a set-up.

GT: What makes you sure about this?

JR: The late Reverend Jack Hyles built the First Baptist Church with the power of God into a great ministry. He had the greatest attendance of any church in history on a Sunday morning and he had the greatest bus ministry for the kids of Chicago. The Gambino was losing his kids to Jesus Christ and he couldn't tempt them with his sex books and Hollywood plays.

The Guccie Times called Jim Guccione to ask him about this. Here is what he said:

GT: Mr. Guccione, we understand that Jim Robinson has made particular claims about Jack Schaap, the heir to the ministry of the First Baptist Church under Jack Hyles. Mr. Schaap was tried and found guilty of statutory rape and sentenced to 10 years in prison. Jim says he didn't do it and it was a setup by the Paul Gambino mafia. Do you have any comment about this?

JG: I'm not all that concerned about a Baptist Church, but for Jim's sake I will support him on this. I am going to have him write a letter to the Chief Executive Judge in the Chicago Appeals Court.

GT: Very well. We look forward to follow up on this report.

The Guccie Times has supported the inquisition of the general public. We recently were asked if Mr. Guccione had a relationship with his father. Here is what he said:

GT: The general public has had some interests in your person. Do you mind if I ask you a question?

JG: Sure.

GT: Do you have a relationship with your father?

JG: (Pause) I haven't seen him most of my life. I do not remember him. I do not have a relationship with him, no.

GT: If you don’t mind me asking, you said—well, you claim to be a mafia. How is that?

JG: I have a lot of good friends that I can trust. I do not make friends with Judas’.

GT: So your mafia is not limited to family?

JG: No.

GT: If you don’t mind us saying, that is rather odd. Isn't the whole purpose of a mafia to be blood related?

JG: I wanted to expand my jurisdiction.

GT: We see. Well, thank you Mr. Guccione. You have a nice day.

JG: Likewise.
The Guccie Times has been very careful in regarding the person of Jim Robinson as per the request of the general public. We approached Mr. Guccione about this topic:

GT: Mr. Guccione, we wanted to request of you to expand of the person of Jim Robinson. We understand he published a series of Guccie Times in the past that contained vulgarity and slander. Has this had any effect on his testimony as a Christian in the community?

I think the people understand that Jim was manic. He had done a 860 square foot mural for the LoPorto’s family of the restaurant of the same name in Troy. Mike and Jim agreed on $2500 but Jim later felt he should have received more because of his research on the going rate for murals. Mike had made a deal with Robinson and he could not go back on his word. So Robinson became angry and published the PDFs, not only against Mike but some other people he had a controversy with. He later took them off of his site, but someone had hacked them onto another site with no origin. As of this day I have been unable to bring them down off the search engines.

GT: Thank you for clearing that up.

JG: You’re welcome.

GT: As you know there was a recent shooting in Las Vegas that killed 50 people. Can you expand on that?

JG: That had nothing to do with me. He’s a coward. He can’t fight.

GT: Mr. Guccione, we understand you do not discuss politics, but the American people are eager to know about North Korea being we are on the brink of nuclear war. May we ask you one political question?

JG: Sure.

GT: What is America going to do about the threat of nuclear war with North Korea?

JG: I don’t think Kim is going to bomb the United States of America. We are too powerful. It’s absurd. We would anni-
The Guccie Times has conducted investigation and it is reported that there is a rumor in the ghettos of NYC. It has been said that Paul Gambino, of the Velvet mafia in Chicago, has committed suicide after seeing his books burned in Times Square within the last couple of days. We set out to clear this with Mr. Guccione.

GT: Mr. Guccione, can you tell us anything about the suicide of Paul Gambino?

JG: It’s just a rumor. The copy could never loose him. He’s too powerful and influential to the citizens of Chicago as well as NYC.

GT: But they said the cops let them have a bonfire in Times Square and they burned all of the books of the Paul Gambino mafia.

JG: You’d have to show me camera footage of it. I can’t support that claim.

GT: We see.

(pause)

GT: We understand that you do not discuss politics, but may we ask you one question?

JG: Sure.

GT The American people have been inquisitive; it seems that President Trump is one of the most controversial presidents in US History. He recently published his Trump Dynasty. Some have claimed him to be the antichrist and say he is mastering the poor of America. What is your opinion about President Trump?

JG: It’s the copy’s fault. Trump good with money. I do not think Mr. Trump hates the poor. As a matter of fact, I think he wants to help them. He just wants a capitalistic society so that people do not get lazy.

GT: Mr. Guccione, it is our understanding that porn huts and strip joints are returning the militia billions at the expense of the American people’s dignity. It has also been said by some Christian organizations that these vices are turning our youth to aggressive sex. Can you give us your opinion about this?

JG: It’s the decision of the people. These invitations exist, but you make the decision.

GT:: It’s just that some were concerned about your entrepreneurship.

JG: No need to be concerned.

GT: Well, thank you, Mr. Guccione. Enjoy your day.

JG: Likewise.
The Guccie Times had a current interview with Mr. Guccione via interface.

GT: Mr. Guccione, can you give us some insight to the current press release about the mutilated sex slave?

JG: He’s a liar. He would never defy me. And if he did he will be punished for it.

GT: And we found that Jim was thrown out of Blue 82 some 5 years ago. He felt that after one year he qualified to return to a property if the owner agreed. But in this case he had an order of protection concerning the bar maid. His note was to the male manager but he maid received it accidentally.

JG: That order of protection is only good for 3 years.

GT: Are you sure it was not renewed permanently?

JG: That decision is up to Jim. He may feel Blue 82 has the same bar maid and manager. If it does I wish him the best.

GT: We see. And Mr. Guccione, can you tell us anything about Ted Bundy? We realize that case was closed many years ago, but his history still remains to haunt the girls.

JG: It is unlikely he was a Christian. He may have gotten saved in jail, but Robinson says he probably didn’t mean it in his heart. He probably thought he was going to Heaven. But the damage was already done. It seems to me the bad cops had something to do with him because I understand he was put in jail and escaped. It’s difficult if not impossible to escape modern correctional or prison facilities.

GT: While we are on the topic, can you tell us anything about Jeffery Daumier who we understand was even worse than Ted Bundy?

JG: These criminals are public faces. Jeffery Daumier is a hero to the Baal Priests. He did in fact mutilate and eat human bodies, but there is a great amount of lies surrounding the case. The judges and lawyers did their dead level best to work out those lies, but in the end they didn’t matter because Daumier got life. Thanks to the inmate who didn’t like him, he was corporally punished.

GT: Is there anything America can do to prevent these crimes from happening again?

JG: Yes, give Jim a gun and teach him how to use it. He’s my public official.

GT: Very well, thank you for your time, Mr. Guccione.

GT: You’re welcome.
We had the pleasure of interviewing Mr. Guccione shortly early this morning about some issues. We understand we may not have this liberty forever, so we want to maximize our presentation.

GT: Mr. Guccione, would you mind if we asked you a political question? We realize you normally do not discuss political issues.

JG: Sure.

GT: There has been some concern with the American people, especially in Las Vegas, about the matter of federal and state governments imposing more strict gun control laws. Can you give us an opinion about this?

JG: The copy will get guns to criminals no matter how many gun laws they put over the heads of the American people. It is to be also understood that some can not be responsible with the gun. Although I think that fully automatic guns should be limited to the local, state and federal police and military, I think there should be no limit on the guns, cartridges and ammunition for the common man to purchase. I do not think a felon or a feeble minded person ought to own a gun, but I think that those who do carry weapons ought to look out for them.

GT: Do you feel the Constitution supports your claim?

JG: Jim has said that the Constitution gives the American people the right to bear arms and there is no limit on the kind of arms. That is the right of the American people to rebel against a tyrannical government. He says the most important right we have is the freedom of religion.

GT: Do you think for that matter that everyone should carry a gun?

JG: I think people should have guns in their homes, but I do not think everyone wants to carry a gun. It is a great responsibility, especially for a man in uniform.

GT: We understand that the cops in general were concerned about Robinsons interest in Jezebel. They think it will get him into more trouble.

JG: I think Jim has appropriate romantic interests. She may be in her twenties, but Jim’s been exercising and eating right so that he can be more attractive for her.

GT: Do you think he will ever find the Jezebel girl, Mr. Guccione?

JG: That’s really up to his peers. Jim’s main concern right now is to hold a job and maintain his Order of Probation.

GT: The investigative staff here at the Guccie Times wants to report that Baracutboldites is linked to the Lark Street Porn of Greenwich Village.

JG: I’m not sure about Lark Street Porn. It’s a claim that Robinson made. I think those people enjoy great quietness—that’s why I sent Jim there.

GT: We also want to report that computer nerds have been disrespecting the name of James Guccione on the internet.

JG: That’s child’s play. I will find them eventually.

GT: Well, we thank you for your time. We hope to have a few more interviews with you, Mr. Guccione.

JG: Likewise.

The letter by our investigator to try Jack Schaap in a Chicago Court of Appeals is on the next page.
Unfortunately, *The Guccie Times* feels this is the last time we are going to hear directly from Mr. Guccione. He said he's moving on. We've had the pleasures of his interviews for some time now. We did speak to him this morning and here is what he had to say:

GT: Mr. Guccione, can you give the American people some insight as to the recent conviction of the woman who stabbed the man and ate his heart?

JG: That doesn't concern me. Jim needs to keep his job and complete his Probation Term.

GT: Is Robinson in fact doing that?

JG: He's got some leads on some art jobs. He's hoping they fixed the plumbing at the Luna Restaurant and that Willie will be in today. He's concerned that the restaurant did not pass the inspection for mental hygiene.

JG: So, tell us, do have any information about the Jezebel girl?

JG: Not at the moment. There is more treachery around the world at the current time. Jim says he wants to take a trip to Ghana to see how they are doing. He says there are Wall Street investors in suits who buy kingdoms of people in Ghana and then starve them.

GT: Do you support that claim?

JG: I can't say, that's why I made Jim my investigator. He's working with a team and has a detective upstate that is assisting him with the identity theft case.

GT: So you're in New York now?

JG: Yes, I will be here for some time.

GT: Can you tell us, Jim, do you have a car? Do you have an apartment in a high-rise?

JG: I have cars and apartments, yes.

GT: Are you a native New Yorker?

JG: I've spent a lot of time here but I was born in Sicily.

GT: Can you tell us, what is your favorite dish? Do you like Italian food?

JG: I enjoy a good lasagna dinner, yes.

GT: Do you fish?

JG: Yes, when I am in Sicily.

GT: If you don't mind us asking, do you have any helicopters?

JG: Yes, several.

JGT: And, well, are you married Mr. Guccione?

GJG: No.

GT: Well, Mr. Guccione, we thank you for your time. Will we hear from you again?

JG: In time, yes.

GT: Very well. Have a nice day.

JG: Likewise.
Chicago Court of Appeals Considers Retrial of Dr. Jack Schaap Case

by Dom LoPorto, Staff Reporter

The Guccie Times has engaged in the honor of interviewing Mr. Guccione in Volume 1 of this publication. He made mention of Investigator Robinson’s claims about the innocence of Dr. Jack Schaap of the First Baptist Church of Hammond, Indiana who was found guilty of having a sexual relationship with a 17 year old girl and sentenced to 12 years in prison. Robinson said, “Jack didn’t do it. It was a set-up.” When asked what he thought happened, he said, “It was the Paul Gambino Mafia, the same mafia that started a variety of cabaret and burlesque strip joints and porn displays throughout Chicago and New York City. He was bitter and jealous of Schaap because of the cleanliness and purity of the First Baptist Church children who were coming in from the ghettos of Chicago. Paul could not tempt them with the sex industry.”

The investigation of this case may prove to be lengthy, but the Guccie Times is in complete support of Robinson. We are asking the appeals court to grant a bail to Jack Schaap.

The Guccie Times received a tip that Paul Gambino saw the burning of his books in Times Square then committed suicide, but Mr. Guccione says he can not support that claim. “I would need to see camera footage,” he says.

When Robinson was asked if he had enough to go on he said, “It seems impossible to me, having known Schaap for years, that he was capable of committing this kind of crime. It seems more likely that the kingpins of organized crime wanted to see him and his church fall accusing them of having “boring and rule-stricken lifestyles.” The late Dr. Jack Hyles, Schaap’s predecessor, was an ardent supporter of righteous living which excluded alcohol, drugs, gambling, sexual promiscuity and the other vices that made the Gambino’s mafia powerful. It is possible that much of Schaap’s preaching was influenced by Paul who started using Schaap like a puppet when he persuaded Schaap by torturing a sex slave. As a result, Schaap’s preaching changed years ago when he started to doubt the inspiration of the KJV and nearly gravitated to other modern “perversions” of the Bible. That is how the evil Gambino desecrated the Independent Fundamental Baptist movement which was as close to the AnaBaptist as America could get. This kind of desecration of the true church is what led many Americans to distrust the IFB movement, and many wolves thereby entered into it and further mislead the people.

Mr. Guccione was recently asked by an FBI agent if there was anything he could do to help the girls of Velvet. He said, “Show me the camera footage of the bonfire on Times Square and I will release the slaves.”
Who Are Lucifer and Apollyon?

by Cal Ferrari, Editor

There is a lot of history to Manhattan. The Dutch settled it about 200 years ago or more, and it grew with the advent of the industrial revolution into the one of the biggest cities in the world. But is there even more history to it, a history that was concealed by the underground? It really is only a legend, and only you can decide if a legend is true.

We tried to interview Mr. Guccione on this topic, but he was unavailable. We just picked up bits and pieces from some of Robinson’s writings, namely his abandoned book called The War of Hades. Jim says he deleted a lot of his art and writings on topics like this due to his pastor’s preaching. But some of it was retained in The Door to Sambucca. We assumed that he and Mr. Guccione communicated by an interpreter on this matter because Jim never met Mr. Guccione. Unless, of course, it is all just Jim’s delusions.

Jim says that most people know who Lucifer is, but he expanded on this to say that Lucifer was an angel given knowledge over natural things, especially the human body and plants. Apollyon, on the other hand, was given knowledge about things that could be made by the angels such as objects and the city of Hades. As the legend goes, Lucifer refused to wait for the woman promised him and insisted on creating her himself in his drawings and used them as an idols to persuade 1/3 of the angels to follow him in his rebellion against God, one of those angels being Apollyon, the master of engineering. But Michael, the archangel of war and Gabriel the archangel of God’s engineering remained faithful to God. Apollyon used the rebellious angels to build the city of Hades where Lucifer did dry runs of his master plan to control the minds of men, the anticipated creation of God once the angels rebelled. Michael destroyed all of the bodies of the rebellious angels. The souls of the angels, which God created to live forever, passed through outer space to the earth. The spirits of the fallen angels could be accepted by man, and later the soul of that angel overtook the man with his abominations. So, Lucifer, who became Satan when he fell, controlled God’s creation and is still doing so today.
Identity Thief Strikes Albany, Troy
Robinson Robbed of Over $10,000

By Cal Ferrari, Editor, Albany, NY

In the first volume of The Guccie Times, we interviewed Mr. Guccione and he made mention of Robinson’s current case with an identity thief. This has been a great source of stress for Jim, but he is depending on the bank, namely SEFCU, to reimburse him. But there are other problems. It appears that the identity thief came from an aristocracy that had access to Jim’s social security case and reduced his benefits. When we asked Jim, the investigator, about this, here is what he said:

“The identity thief must have had FBI connections to be able to claim to be me making a transfer over the phone from my surplus account to the account linked to my debit card. The thief probably then had a person or group of people make charges with my card. These are the public figures knowing they were on surveillance camera. Since he knows about my interests in Jezebel, it is likely they were doctored up to look like her to make me think I was providing for her sustenance and he was doing me a favor. But he stole $10,000 from me, and I do not need someone to tell me how to spend my money on my future fiancé. He may have access to the book “The Silent Hunter” I submitted with my social security number to the FBI fieldhouse in 2003 outlining my plans to fight organized crime. He may be an aristocrat from the evil Guccione Mafia, a high ranking official that the law has been looking for for some time. He is making himself manifest by committing progressive felonies against me. I recently received a letter from Social Security claiming they were no longer paying my Medicare premium and leaving me with $120 less in my monthly benefit. But they never gave a reason, deliberately trying to aggravate me with a carbon copy. These are direct violations of penal code laws.”

Although Mr. Guccione has been unavailable for some time, he was willing to give us a comment on this case with Robinson.

“I don’t know that I support Robinson’s claims on this even though I have proof that he was in fact robbed while he was in jail. I can not endorse the idea that it may have been the evil Guccione Mafia. He was having delusions of grandeur in 2003 when his girlfriend left him and the result was a publication leashing out against organized crime which he felt the need to give to the FBI fieldhouse in Albany. If anything, the thief is probably a subordinate who has FBI authority, maybe a good-looking young man who hates Robinson’s Soulwinner newsletter and hates Christians in general because they oppose his slave kingdom. We haven’t reviewed the surveillance footage yet of the debit card swipes, but Jim assumes that it was a girl doctor up as Jezebel. We have a bet on that.”

It is uncertain how this case is going to turn out, but Jim is working with a detective in Troy who is doing his dead-level best to investigate alongside of Jim. We hope to resolve this conflict as the identity thief may strike again. SEFCU had told Jim, “This is the greatest amount of money we have seen stolen from our bank.”

During the period between July 16 and September 22, 2017, a burglar broke into Robinson’s apartment and nabbed his credit card then proceeded to use it at ATM’s and to purchase food and products in the city of Troy. It was reported later that Jim was a victim of identity theft. The Guccie Times hopes to catch the criminal so that he does not target any more citizens in the upstate capital region.
Louis Farrakhan
The Wrong Religion for the Right Reason

By Jim Robinson, Investigator

Jesus came from the flesh line of Seth (Luke 3:23-38). His mother, Mary, carried the flesh. If anything he was Asian, not white. Farrakhan doesn’t know what he is talking about, and he is raising a militant army of young black American men who have learned to hate whites for the sin of our forefathers. There were whites (The Underground Railroad) in the days of slaves who helped Harriet Tubman and made her ministry possible, but Louis fails to mention that. Jesus was not a black man, neither was he causation.

The black race has a curse on it because Ham saw his father’s nakedness (Genesis 9:18-27). This is just like the white Jews who have a curse on them for taking Jesus’ blood on their hands (Matthew 27:20-25). Farrakhan is in error, and it is impossible for him and his black army of young mislead black men to conquer a white aristocracy from Sicily. The white aristocrat is far too intelligent. He already gave Farrakhan a false religion and a false idol of a god Allah from his servant the Jesuit Priest. But Farrakhan is not going to listen to me, and he is going to join his brethren the Muslim who bombed the Twin Towers in NYC and kill Christians, both white and black.

Mr. Guccione is not in agreement with the notion that black people have to always worry about becoming slaves and being lynched again. He said, “There have been more white slaves in the history of the world than black.” Robinson said that there were millions of white Jews enslaved to a black Egypt for over 400 years as recorded on the Bible (Exodus 3). Jezebel is a slave, and she’s white.”

Although Farrakhan has shown no interest in sharing the defense of his militant young men with white slaves, he does pose a social conscious about slavery in general. Farrakhan is unforgiving and blames the modern generation of whites for the sin of their forefathers.

The Guccie Times does not agree with the Ku Klux Klan (KKK) in the same way it does not agree with the Farrakhaners. They are both at fault for stirring up racial conflict in America. If you click on the picture of the lynching below, you will get an extensive account of the lynchings in the south. There is an account of blacks beating whites. These may not be KKKers, but if you have ever been a white in a ghetto black neighborhood, you get a feel for the hatred stirred up by Farrakhan.

I get along with blacks, I always have. I’m not sure about Mr. Guccione, however. Dom Lopinto couldn’t reach him for comment.

You have to remember that the greatest genocide ever record-
Jezebel and Guccie, TLA

by Dom Lopinto, Staff Journalist

Today's media is littered with personalities, a cesspool of choices for our younger generation to model their behavior. But of all of them, no one is more of a mystery than "Jezebel."

Jim Robinson says that Jezebel appears in the Bible as the wicked witch wife of evil King Ahab. She was blamed for nurturing Baal Priests to worship the devil. She is later recorded as having been brutally executed by Jehu, with only the skull and palms of her hands left for the dogs to lick her blood. But is the Jezebel of today supposed to take that kind reputation? Isn't she just a special sex slave of the Evil Gucciose Mafia?

The Guccio Times has not reviewed all of the issues of Penthouse as that would be impossible, but it does not endorse Bob Guccio as having mentioned much about Jezebel. That's surprising because Bob Guccio never missed a beat when it came to the sex industry. He died at the age of about 95 and Jim said, "I'm glad."

Jezebel has been around for centuries, but cameras have only been around for a little over a hundred years. Yet before you had cameras you had Pompeii.

So, will Jezebel become Guccio's bride? This question leads to a further question: who is Guccio? We understand that Robinson is not equipped to be Jezebel's bridegroom, even though he has made some very courageous moves for that in the past, one of which landed him 2 and a half months in jail. We thought Robinson was looking for a Christian girl, and he's certainly not going to find her behind the bar at a restaurant or grill. What's left? Does Jim Guccio have Romantic interests in Jezebel? We asked him saying, "Do you care about Jezebel's well being?" And he did not answer, only he said, "Jim has to keep his job and maintain his probation sentence."

Is Mr. Guccio driven with a passion for the Jezebel girl? Or does he have some other motive for his Mafia? One of the detectives we work with said, "The person we understand as Jezebel gets punished the worst, everything from bestiality to sado-masochism." Why then would Mr. Guccio have a Romantic interest in her?

The Guccio Times is in full support of Jezebel, and it does not blame her for her behavior. Rather, it considers her a subordinate to a Mafia. Jim Guccio does not endorse this criminal organization responsible for her slavery to be the Evil Gucciose Mafia. Conversely, he has given us no other explanation for Jezebel. He just says, "She's a mystery."
Is the SUNY Poly Nanoscience College Prophesied In the Bible?

*by Cal Ferari, Editor*

Anyone who lives upstate and has passed by Fuller Road in Albany, NY on the CDTA/190 has seen the earlier version of the SUNY Poly. It was a beautiful different structure that decorated the side of the road, but we really didn't pay it much mind. Over time, especially over the last few years, the structure expanded into a vast facility of post-modern architecture with a style all its own. We saw the many professionals who were brought up on charges for their bidding, but we never heard anything more about it. What is the truth to the controversy surrounding this structure? Why is it that out of nowhere was there an urgency to build a nanoscience college? Isn't nanoscience the making of computer chips so small you can barely see them? And what is the reason for the advancement of chip technology?

Robinson has cited scripture in the book of *Revelation 13* of the KJV concerning the very erection of this structure. He says it is the technology of the *Mark of the Beast*. He said the *Laodicean* age of the church would render men oblivious to the rise of this technology, and men would ignorantly take the Mark of the Beast to conduct commerce, and no trade could be conducted without it. Jim goes into further study in his *Soulwinner Newsletter 23*.

The *Mark of the Beast* would be this very computer chip that would regulate a person's commerce and would be placed in the forehead or the back of the hand. Trade could not be conducted by the individual without it.

Is the state of New York and the country in general aware of this? Are they so in distrust of the KJV Bible and its prophecy and do they have such disbelief that they would simply let it happen? And if they did believe it, what would they do about it? The *Guccie Times* ponders about what they are going to do with the building. Will it be closed down? Mr. Guccione replied, “The copy won't close it down. You are talking into the air.”

All social media really can do is make the public aware of the possibility of the SUNY Poly building on Fuller Road in Albany, NY to be a perpetuation of the Mark of the Beast. You have to decide. That is, of course, if it’s not just one of Robinson’s delusions.
Top Dogs Pressure “Soulwinners”
Murmurings and Disputings Over Zealous Christians

by Jim Robinson, Investigator

I passed a soul winner on St. Mark’s Place recently and he handed me a KJV tract. I wanted to ask him, “Have you been pressured by anyone—like a cop?” But I couldn’t bring myself to ask the question because it was inappropriate. I just told him Jesus loved him and carried on.

Why are wealthy NYC tycoons so concerned with Christians? Is it because they perceive them to be modern AnaBaptists and a threat to their hidden slave kingdoms? Don’t they have more important things to worry about like identity thieves?

The gospel will prosper regardless of the Mafia. Martyrdoms, a thing of the past, is not going to become a thing of the future because we are going to ban together as Independent Fundamental Baptists and fight together for our freedom of speech and the denunciation of hate speech legislation. The day that the American dad can not publicly denounce a queer in front of his son is the day that America falls to Sodom. And we need the zealous Christian preaching behind the pulpit and in the streets handing out tracts.

Alleged Lark Street Porn Linked to Greenwich Village

By Cal Ferrari, Editor

The Guccie Times has been following this case for some time now. It is alleged, by the comforts afforded by Lark Street in Albany, NY, that porn photographers come up there from NYC betimes to harass the quiet natives of Lark Street and shoot sequences with stars that vacation there from Manhattan. They just can’t get enough in NYC. The porn industry has to degrade the capital of NY, and it does so by establishing a Vintage era feel to the porn. Mr. Guccione says, “It is a feel of the Guccione Mafia from the 1970’s when Bob was in his hay-day.”

Robinson says that the Lark Street Porn is being sold underground in Greenwich Village, NYC. We’re not sure how Robinson’s investigations led to these conclusions. We understand that Jim has been in his right mind and spending up his fat from his portrait sales. When we asked him what provoked him to draw this conclusion, he said, “It’s a sensation that I had.”

Robinson has taken a few visits to the big city in hopes of establishing his art business there. He denies any allegations about establishing a “dognung” in NYC. He says, “I don’t know what’s going through Jim’s mind. The cops will never let me have a gun.”

The Guccie Times feels that the natives of Greenwich Village, like the natives of Lark Street, also enjoy a peace and quiet. They tolerate porn, but they would rather not be harassed by it. Mr. Guccione had a comment about this: “Porn is legal. You’re not going to undo what the copy has done.”

Pornography has become so popular in America today that it has a free reign on the internet. You can get the explicit graphic just by keying in the jargon of what you want to see. Are our kids, who are not ignorant of the handheld device, going to those sites behind our backs? What, if anything, can ever be done about the momentum of the sex industry in our major cities? When we asked Jim what he might be able to do for us, he said, “I’m not concerned with that right now.”
SEFCU Pulls Through
Robinson Completely Compensated

In page 3 of the Guccie Times Issue 14, Cal Ferrari gave an overview of Jim’s recent bout with an identity thief that cost him over $10,000 of his money that was not the result of his disability checks but rather a savings from his jobs. Robinson was distraught but he “held things together” until the investigation could be made by Sgt. Detective French of the Troy Police Dept. Sgt. French’s findings satisfied the Fraud Department of SEFCU. Jim’s contact, Sean, at the fraud department was helpful and quick at getting Jim his reimbursement of $13,000 and some change.

What Happened to the DeJohn Properties?

by Dom LoPorto, Staff Reporter

As a young adult, I can remember Lulu’s Café on Lark Street in Albany, NY as a fine little coffeehouse where I could go and meet people. I don’t remember them serving any alcohol, but it still made a fine social atmosphere. Sometime in 2003, a property owner named John DeJohn came around and turned it into a fine pub called DeJohn’s. John proceeded to buy out Justin’s, and he opened the Legends bar on Lark and South Pearl.

Within the past few years, John’s properties closed down. The picture here shows a ghost image of the former DeJohn’s Restaurant and its social atmosphere. What happened? Did John get fed up with the rules and regulations of the Lark Street Bid? Did he want to keep the bars open until 4am but Lark Street compelled him to close at 2? Or was it something else? The only remnant we have of DeJohn now is Savoy where Justin’s used to be.

Mr. Guccione could not be reached for comment on this. Some have said that Robinson’s mistakes had something to do with it, but then who was Robinson to the DeJohn properties? As a matter of fact, Robinson was thrown out of the DeJohn properties because they called him “crazy.” All Robinson ever said about it was, “Yea, but that’s the way Jezebel likes her men.”

While trying to fix up the properties, the DeJohn’s Restaurant was unfortunately not enough to save the project. It all ended up being a loss, but the memory of DeJohn’s will always be remembered by those who knew it best.
“Jim Robinson Is Not Getting a Gun”
Officer Murphy—Colonie, NY Police Department

by James Nicholas Guccione, Editor In Chief

The question that is circulating in the underground at this time is: should Officer Murphy be arrested for a false arrest? No, he was just doing his job. He may be a subordinate part of a bigger mob operation against my Public Official, Jim Robinson. But I do think he should be subject to questioning and not be concerned about the consequences of his answers.

Regardless, the second “preliminary arrest” of Jim Robinson by Officer Murphy was in fact invalid and left Jim with a bad impression about cops, cop uniforms and cop cars. Jim is also concerned about the girl who was cited as the burglar and user of the credit card stolen from his apartment. He says, “I loved her. She was a great advocate at the Hill Street Inn. I knew she was going to loose her job after reviewing the surveillance footage and I felt for her. She had come such a long way with her sons and her job. I don’t want to see her go to jail.”

It is up to the Troy Police Department and the residing Troy Police Court Judge to determine the burglar’s fate. They may understand the girl as a subordinate of a bigger scandal and let her go, even if SEFCU does press charges. I feel the there may be a delegate at SEFCU who betrayed his own company by allowing the caller to transfer money out of Jim’s account. Maybe the Troy Police and Court will see it my way.

Jim Robinson may get off all of his mood stabilizers, move into a beautiful new apartment in his hometown of Troy, NY, purchase an 9mm Sicilian UZI fully automatic pistol and sling and a Smith and Wesson with a permit and become a Bounty Hunter for NYC. I do not have a time span for this yet. Jim’s probation will go at least another 2 years, and he has to build his art business with jartworks.org and sales on the internet. Jim is my Prophet whether his pastor agrees to it or not.  See Issue 30

President Donald Trump, Slavemaster?

by Dom LoPorto, Staff Reporter

Donald Trump already fell for the idol of Money as is apparent in his sowing of wild oats with his divorces and his gambling casinos. Everyone knows that gambling casinos are designed to destroy the poor and make their closely knit ties in their neighborhoods a ghetto where cops can thrive in underground Sex kingdoms. “They want to destroy Schenectady, NY where I grew up because they found out that I became Jim Guccione’s Public Official. But every time they do this they are shooting themselves in the foot because they do not know who my father is,” says Robinson. When we asked Mr. Guccione if, in fact, Robinson was one of his Public Officials, he said, “I told him he was.”

Donald Trump could be guilty of rearing up a slave society in the ghettos of NYC, his hometown that he brags about. This magazine (inset photo) certainly portrays him that way to the poor who are forced to go to drug stores to buy their forced drugs and forced to see these magazines at the checkout stand.

Mr. Trump’s Romantic in media is becoming the same as Hitler’s. Although some would argue that the Jews deserved their Holocaust because of the way they treated the poor, Hitler was still a war criminal. His Nazi party still exists today among the white tattoo culture of the ghetto. But the Guccie Times knows that Trump knows better and that he would pay all of Robinson’s copyright lawsuits as long as the www Guccie Times does not find out any thing about him being a slave master.

It is a shame that America has to resort to a rich tycoon to correct the social problems America has with its Social Security Benefits and Welfare, Medicare/Medicare systems to help poor people from the brutality of the ghetto cop. They say that Hillary Clinton would have reared up the Hate Speech Legislation which would have stomped out the Baptist Preacher, but at least she “cared about he poor.” But Hillary can not be a Romantic—she is a woman. It is unlikely that the Evil Guccione Mafia would rear up a woman to be an American president, even though they settled for Muslim Maloti (Barak Obama).

So, is Trump a slavemaster? Not yet, no. We just have to keep tabs on him, like a little child, because he can not be trusted. If America is not careful, Trump will give the rich man what he wants—the
The Lie of the Troy Police Department Officer Malloy’s Judaite Betrayal

by Cal Ferrari, Editor

Jim Robinson has long considered Officer Malloy, who recently retired from the Troy Police Department, to be his close friend, especially when he veered Jim away from being a cop to be an artist. But Jim Guccione has recently told the Guccie Times that we are going to change that. The Troy Police Department, because they are so close to Jim’s physical residence and they have many undercover 30-year-old intelligent martial artist cops on the force, deny that Mr. Guccione exists. They insist he is a creation of Jim’s mind and that Jim is not getting calls and e-mails from him. Does the Troy Police have a tap on Jim’s cellphone? Mr. Guccione assured us that they do not. Does the Troy Police have access to Jim’s e-mail account? Mr. Guccione said it is possible, but unlikely. The Police have to have a warrant for that and Jim is not a hardened criminal. The 30-year-old married, martial artist cops on the Troy Police force are going to have to change their opinion about Jim. It will not be long before Jim is their commanding officer, because a bounty hunter is above FBI and FBI is far above the local ghetto cop.

Before Jim’s brutal arrest by Officer Murphy of the Colonie Police Department, Officer Malloy of Troy, Jim’s residence, told Jim that is was not illegal for Jim to have the air gun and carry it, but that “I wouldn’t do it.” But another Troy cop had a more in-depth conversation with Jim about how he could use the gun for self-defense as long as it was only for himself and the cops would cover him in court. Did they? No, they lied. They pared with the Colonie cops when Jim made his trip by bus to Dekarloe’s that Saturday, July 16, 2017. The CO’s were in on it too. And the government militia that was policing Dekarloe’s tortured Jim during his arrest and in jail. Now, Malloy in this newsletter for his alleged lie and Murphy may be going to prison. Jim may no longer be friends with Malloy or anyone in the Troy Police Department if he feels he can not trust any single cop.

Robinson Considers SSD Benefit to be Gov Paycheck

by Dom LoPorto, Staff Reporter

Very few people ever buy from Robinson’s website because it doesn’t conform to the concupiscent standards of the American market. Jim’s work is Christian, AnaBaptist in nature with a short -haired Jesus. Jesus was not a faggot nor a hippie. He had short hair, but that doesn’t give a pastor a right to abuse the poor. Even Farrakhan got that right and he’s a heretic.

Jim has been on social security disability for about 13 years now because of his diagnosis of Bipolar Disorder and Schizophreniform. That is what the psychiatrist did to him because of his trauma as a boy. But Jim is working that out with his family, and Mr. Guccione said, “I am in full support of Dr. Durario, Jim’s current psychiatrist at the Samaritan Hospital Mental Health Clinic, losing his job if he fails to follow his patient’s orders and tries to usurp Jim for the Troy Police Militia.”

As such, Jim has been considering his disability check to be a government paycheck for his preliminary bounty hunting. Jim said, “I have to get the evil police force off my back. They insist with their military-issued machine gun psychology that I’m not going to be a bounty hunter and that Jim is not going to expunge my record. He already expunged my first toy gun charge. I think the Troy Police have a surprise coming to them.”

by Dom LoPorto, Staff Reporter

As per the Guccie Times issue 16, we would like to release more of the conversation between Jim Guccione and Jim Robinson. This rare footage will only be available for a short period of time.

Jim Guccione (JG): So, Jim, tell me—whachu got in the bag?
Jim Robinson (JR): (pause) Stuff.
JG: Stuff? What stuff? Drugs? You dealin drugs, Jim?
JR: No, its paperwork. For your newsletter.
JG: I see. I tell you what I am going to do for you. You shed the bag on Friday and Saturday nights, and I will increase your pay.
JR: Yea, but you don’t pay me anything now as it is. You even said yourself—it’s volunteer work.
JG: Yea, but you got the architectural storefronts on Lark right?
JR: Wait a minute. I worked hard on those. That pay was a just recompense of my labor.
JG: But you go the jobs, right? See how it works, Jim? And if you get art jobs in the big city you can charge triple.
JR: Yea, I see. Ok, I’ll shed the bag, just for those two nights.
JG: And the new young man’s jacket I got you. You gonna wear it on Fri and Sat nights?
JR: The jacket you got me? I bought that with the money I saved working as a janitor.
JG: I spoke to Sean before he hired you. He had mercy on you.
JR: Ok, ok, I’ll wear the jacket.
JG: And I don’t want you worrying about cops and cop cars. You’re under constant surveillance by Dom and Cal, you hear?
JR: I hear. I can just see a Colonie cop pulling over on me and putting me in cuffs for a lie.
JG: Its too public right now. The whole world is reading this newsletter. Murphy is paranoid about losing his job and never being hired again for court marshal. He might even be going to jail for a false arrest.
JR: Thanks, Jim.

Cop Hackers Allegedly Jamming Robinson Site
Investigations Lead to IPs
by Cal Ferrari, Editor

Ever since Robinson executed jartworks.org, the Guccie Times has been aware of the fact that no one ever buys anything from Jim’s site. We are not convinced that the public is in that much of a disagreement with Jim, considering the fact that e-commerce has proven successful even for the most remote of companies. We feel it is a matter of hackers disallowing purchases in the same way a Hodgie hacker got into Robinson’s online bank account with a remote not long ago. We found out who that was and he never returned. Every computer has an IP address, even handheld devices, contrary to what the common man knows about technology.

Please keep in mind that nothing is forgotten in the Guccione Mafia. As is a common saying here: “you may not get your punishment today, it may not come for years later, but when you least expect it—it’s coming.”

Jim is developing a special department to aid him in the matter of technology, especially the internet. The Guccie Times would advise the party responsible for hacking into Jim’s FAA site to show himself and turn himself in to make it easier if in fact he has become used to using his fingers.
Wall Street Investors Accused of Buying Up Kingdoms In Cambodia

by Cal Ferrari, Editor

Ever since America has risen to power with its Police and Military Militias, Wall Street has been a source of comfort for the elite. Bets are made and wagers are placed on businesses being a success in the world, and so people make a lot of money off that kind of thing. But Wall Street goes much further than betting on big business.

What is the truth about investors and big money people like Carl Icahn? Why is he so popular among the rich of our society? The Guccie Times has been led to believe that he, and others like him, allegedly buy kingdoms in Third World countries and deliberately starve them for power among bible-believing honest American middle class people. “Carl is the kind of snake that would hold up a starving Cambodian child to a middle classman for his racketeering,” says Jim Guccione. This has not been proven, but it is being investigated by Jim Robinson.

But Carl’s motive allegedly goes far beyond money. He most likely accepted the fallen angel of Money, as is represented here by the bull on Wall Street, the idol of Money. This was created in Hades in Heaven as part of the 1/3 rebellion of the angels that followed Lucifer.

Judge Easterbrook and Officer Murphy

“It’s All In My Father’s Hands Now”

by Dom LoPorto, Staff Journalist

See also The Guccie Times Issue 11 and The Guccie Times Special Report Oct 23, 2017

The two cases concerning James Robinson that the Guccie Times has been following include the defiance of two separate government legal agencies to respond to Jim’s kindness and rights as an American citizen.

Mr. Guccione said, “Officer Murphy of the Colonie, NY Police Department and Judge Easterbrook of the Chicago Court of Appeals both played the fool with my Public Official Jim Robinson. As I understand that Chicago may not be where it’s at and Schaap allegedly committed his crime in Indiana, Easterbrook gets the point. And with Murphy, it is clear cut. Both of these men showed complete disrespect to my Public Official because they failed to respond to his kind invitations via letter to help him. They could have simply given their “no for an answer” in a kind brief statement and mailed it to him, but they presumptuously and defiantly refused to do so. This goes to show you what they think about the poor.” Please see pages 6-8 for the letters Jim sent.

The Guccie Times is not going to have Robinson worried about cops, cop uniforms, cop cars or CO’s. He is going to run free. Mr. Guccione said, “I am passing the baton to my father, either Good or Evil Bob—the blood originates from the same man. We have a pure blood and pure apocathary—the blood of the rest of the world is defiled, impure and mutated. These two men will be persecuted to the fullest extent of the American legal system.” The Guccie Times is dedicated to the cause of the Guccione Mafia far more than the causes of the world. Mr. Guccione’s last statement about the issue was, “You do not treat my Public Official that way, especially when he has been kind to you.”
The DiCarlo’s Lucifarian Idol
Pouring Out Drink Offerings to the Queen of Heaven

by Cal Ferrari, Editor

Jim Robinson can not be blamed for the reporting of the Guccie Times, as the legal representatives of the capital Region want to rumor in their bars and grills. He is only a staff member here. But Jim serves as the investigator for our newsletter.

Most people who have been following the Guccie Times are aware of Jim’s arrest and conviction of “Possession of a Weapon,” which is a false charge because the toy gun found on him by the Colonie Police was not used as a weapon (it was not pointed at anyone). Officer Murphy proceeded to further incriminate himself by attempting to arrest Jim the day after he got out of jail on a case of “mistaken identity.” The Guccie Times feels strongly that this was only done to instill fear in Jim and it was a complete lie told by Murphy, or the people involved with the charge lied. Murphy was then given a questionnaire as an act of kindness from this newspaper to clear himself, but Murphy further incriminated himself by refusing to answer the questionnaire. As a result, The Guccie Times is now exposing the government militia that polices the DiCarlo’s Satanic Temple in Colonie NY, which is a strip house, to the American people. It is alleged that DiCarlo’s is also a house of prostitution based on Elliot Spitzer’s fall as governor. This is all under further investigation and has not been proven yet.

Mr. Guccione says, “Spitzer had to be getting his girls from somewhere upstate. DiCarlo, the man who founded the alleged Satanic Temple, was good at hiding his sex industry as a six foot mafia who was content with his Sex. I don’t think DiCarlo’s is a hardened criminal like Gotti, but he was more into religion and set up the Capital District with a thriving militia that can be used by judges and wealthy entrepreneurs to create slave kingdoms.”

It is alleged that The Brown Derby, a restaurant which formerly served Albany was a social atmosphere where doctors, lawyers, judges and many other “professionals” in the Capital District got together and reviewed the case files of low-income clients in an effort to establish them as slaves using legal and medical malpractice. The Brown Derby has since closed, and The Guccie Times feels that the Malozzi Family was not responsible for the behavior of their clients. We can not say the same about Mazzone and his 677 Prime, however, located at the Charles Schwab building on Broadway in Albany. The new owner recently created a lure for Robinson to plead to get back in there, But Mr. Guccione said, “Robinson does not need your restaurant. I have other delegates going there. All you want to do is have him arrested for trespassing. Jim knows where he is welcome.”

The Bill of Rights of the Constitution of the United States of America gives the people the right to establish a militia to oppose a tyrannical government. It is quite apparent by Robinson’s investigations that the Colonie and Albany Police pose this tyranny by the way they exemplified it on Jim for showing love for Jezebel, the sex slave who he felt was dancing at DiCarlo’s when she wasn’t being abused for bestiality and sado-masochist porn. The Guccie Times believes that a police officer’s cuffs present the slave master to the ghetto poor and coerce them into submission, thereby creating enmity between the social classes. The middle class are caught up in pleasures and otherwise ignore the suffering of the poor, and claim, as Pastor John Kolettes claims of the Grace Baptist Church in Troy, NY that “there are no poor people in America.” That is not true. That is a cop lie that blinds the owner of the means of production to the suffering of poor people at the hands of all cops, whether good or bad, created by the Romantic of a cop in the ghetto.

The Guccie Times wants to remind the general public that they have the right to bear arms, even if they are renting a dump in the city. By mere definition of his Romantic, a cop does not want the average citizen to have a gun. He claims he is going to protect you, but that is a complete lie and irony. You have the right to protect yourself. You do not need a cop.

The mental health society exists to take the right to bear arms away from the common man by getting him caught up in a ghetto cop’s psychosis of the city as created by Lucifer and Apeylon in Hades. All a cop, and most legal and judicial and court personnel are Romans for the wealthy to control the poor. They simply do not want you to have a gun. They want you to serve them, like slaves.

The Guccie Times does not feel that women become strippers or prostitutes on their own free will, but that they are coerced by the romantic of a ghetto cop.

The Guccie Times does feel, however, that there has to be some honest Christian cops, lawyers, judges and other personnel feeding into Apeylon’s Hades or this country would have already become a master/slave society.

Officer Murphy
Colonie Police Department

Latham, NY 12110

October 27, 2017

Dear Officer Murphy,

The Guccie Times is a private hobby interest in fighting organized crime, especially on the local low-income level. We are conducting an investigation concerning the current identity theft of one of our staff members, James Robinson. We understand he underwent a preliminary arrest by you on September 23, 2017, at about 6pm, one day after he got out of jail. He was accused of harassing a young lady sitting outside of the Staples store in Latham Farms, Colonie, NY. It was determined that although he fit the description of the suspect that he was not the person who had harassed her, and that you had found the real suspect.

In our efforts to determine whether or not the incident was part of a bigger organized crime scandal against Mr. Robinson, we have arranged for a questionnaire concerning the Colonie Police Department on Jim's preliminary arrest. You are under no obligation to complete this questionnaire, but it would greatly help us with our investigation. We feel that there is an aristocrat that is organizing Romantics against Mr. Robinsons because of his interests against organized crime and his bold statements concerning the freeing of sex slaves.

Thank you for your cooperation in this matter. We understand you may not remember the details of this incident, but any information you can give us will help.

Sincerely,

Guccie Times Investigative Staff

Voluntary Questionnaire for the Colonie Police Dept. Concerning the Preliminary Arrest of James Robinson on September 23, 2017

Part of this information may be used in articles in the Guccie Times to inform outstanding law enforcement agencies of this crime of identity theft, and it attempts to find the aristocrat who is responsible for possibly framing James Robinson.

Note: the terms *preliminary arrest* refer to the Colonie Police stopping James Robinson while he was walking alongside the road in the Latham Farms and the Colonie Police placing him in cuffs for questioning.

Please state your name and rank in the Colonie Police Department

Did you get a call concerning a person harassing a young lady sitting outside of Staples on September 23, 2017, and did you respond to the call?
Did you find that James Robinson fit the description of the suspect (similar clothes, height, race, etc)?

Did James Robinson comply with the preliminary arrest? Did he resist arrest?

Was it determined that the other suspect was the person who harassed the young lady, or was he also set free?

Do you feel that this preliminary arrest was organized by the young lady and the other suspect as part of a Romantic arranged by organized crime, or, have you received any threats by an aristocrat as a police officer to participate in a preliminary arrest concerning James Robinson?

Did you find it odd that you were the same officer who arrested James Robinson for his air gun felony? Do you see any correlation between the air gun arrest and the preliminary arrest you made on September 23, 2017?

Are there any answers given here that you wish to keep confidential and not be released in the Guccie Times www publication?

Thank you for any information that you can offer us.

Dear Sir:  

I am making this formal public request for your court to retry and reheat the matter of Jack Schaap of the First Baptist Church of Hammond, Indiana. He was tried and found guilty of a crime that got him 10 years in prison, but I have reason to believe that he was *not* guilty and that it was a framing. Jack Schaap’s testimony was one of uprightness as a Pastor of the biggest Baptist church in America with the biggest Bus Ministry to the poor children of Chicago. Jack taught the children to live decent lives and be respectful to America’s leaders.  

It is my understanding that Mr. Schaap was framed by the Paul Gambino Mafia. Using the persuasion of a sex slave being tortured, the Gambino mafia persuaded Mr. Schaap to teach and to preach things contrary to what the Baptist church believes. He later framed him for statutory rape. The Gambino’s goal was to deter the children away from the King James and its laws concerning decent living. Mr. Gambino frankly wanted to teach the children to live lives of sexual promiscuity with his strip houses and pornography which was at its peak on the internet.  

Please respond with some kind of interface as to how I can initiate an appeal on this case. Mr. Schaap is doing time for a crime I believe he did not commit. If you wish to email me my address is jamesbaby356@gmail.com.  

Thank you for any progress we can make for Mr. Schaap.  

Sincerely,

Guccione to Delete Robinson Link
Plea Bargain on the Table

by Dom LoPorto, Staff Reporter

As the Guccione Mafia unfolds in Jim's media, we wanted to examine a current plea bargain that was presented between Robinson and Mr. Guccione. It appears that Mr. Guccione is prepared to eliminate Jim's entire criminal and mental health records in exchange for the deletion of the link to jartworks.org on the prophecy website.

The staff here at the Guccie Times has no idea how Mr. Guccione is going to proceed with this. As far as we know, he has no ties with any federal, state or local police or court systems. Robinson has an extensive arrest record stemming from his bouts of mania both in the capital region and in NYC. Mr. Guccione says, "You can't get a gun permit with a felony." It is also understood that Jim would have to complete his probation order (inset photo design) in order for him to be eligible for a firearm. Mr. Guccione says, "He will have to settle for his Smith and Wesson .45 to start, but I have his back."

What exactly does Mr. Guccione mean by this? Does he have an affiliation to a federal police force, or is he a bounty hunter, and does he carry the UZI? When we asked him about this, he said, "I'm not on the offensive to anyone who didn't cross me. I just carry to protect myself from the other Mafia."

Robinson's recent bout with the Colonie Police in upstate NY left Jim with these words: "I don't think it likely I would carry a gun or any weapon for that matter, even if I was off probation. The cops left such an impression on me that I simply do not feel responsible with the gun."

Mr. Guccione is reported of having mentioned that he wants to see Jim do bounty hunting work and keep his word to the FBI about "The Silent Hunter" even though that book has no remnant, and the FBI has its only copy. Jim said he would never try to get the book back from the FBI because they would refuse him. He says they have no respect for him. He says the Troy Police have no respect for him either, and nothing is more to be said about Officer Murphy except, "I tried to warn Murphy. He thought I was lying about Jim Guccione." He said the police have failed to leave the right kind of impression in his mind. They force a friendship on him. But Jim has plenty of friends here at the Guccie Times.

Will Mr. Guccione remove the link? Will Jim be expunged of his entire criminal record, his entire mental health records, leave the mental health system, get his prime apartment in Troy and leave the Hill Street Inn? But most of all will Jim get his prized 9mm UZI Carbine? Will Murphy go to jail? Murphy and the police don't seem to think so. Let's wait and see.
Darth Vader and the Dark Side of the Force

by Dom LoPorto, Staff Reporter

The epic Star Wars, as created and directed by George Lucas, became a billion-dollar industry, especially to its creator. But what did it really do to our kids? And what did it leave behind? Why would kids want to read their Bible, pray, go to church and go soul winning when Star Wars was so much more exciting?

Robinsons says the Force is not really an abstraction of the Holy Spirit from the KJV because the Holy Spirit does not have a dark side. Lucas had that wrong.

When we asked Jim what he thought about this illustration of Vader, his Tie Fighters and Death Star, he said, “I took it from Google Images, and I’m sure he has a copyright on it. I wouldn’t advise anyone else to do this—Jim’s got my back. But he glorified the Dark Side. That’s just another way of endorsing the Evil Guccione Mafia. You just keep doing this, and eventually you will take the soul of the fallen angel—or at least one of several of them from Hades.”

Robinson says the world does not understand the KJV therefore they make these errors. It is all a part of the Kingdom of Earth, yet it opens the door for the Kingdom of Hell.

Paul Gambino Made Drunks

by Cal Ferrari, Editor

It is surprising that Jim would compel the Guccie Times to write this article considering the fact that we do not really know much about Paul Gambino. As far as we know there is a new editor for the Velvet magazine, a woman, and any trace of Paul as editor may date back 10 or more years. Who is Paul Gambino anyway?

Jim has said that Paul was a 7 foot martial artist, mostly a kickboxer as is the common art of the Gambino. Mr. Guccione says that Paul would commonly roam the city, both Chicago and NYC “starting sh@#” and getting the poor helpless man and woman into pubs and tempting them with liquor as the faces of the rich, young concupiscent crowd glamourized alcohol. He says that Paul was responsible for kidnapping his mother. He says that even though Robinson may have had delusions about Paul’s alleged suicide, he thinks that Paul will eventually have no other way to clear his conscience knowing he “stole Mrs. Guccione.” But there is more to the story.

Jim says that he had a rival who was around his age. He often refers to him as Judas. He says that Judas has a debt to pay, and Paul will get him to pay it first before he goes off to Gambino Heaven.

But in all of the confusion, we still managed to publish Issue 14 of the Guccie Times. Jim considers Paul to be past tense, and he is only present tense when he snitches on Judas.
Will North Korea Bomb the United States?
Will the United States Bomb North Korea?

by Dom Laporta, Staff Journalist

One of the problems with the American society is that they have not read the book The Door to Sambucca. If you read the book you would see that international affairs like the matter of WW3 are an issue concerning the Kingdom of bloodlines. It has nothing to do with the politics you see in media. As a matter of fact, all of those politics are Romantics that stir men to do brave things that get each other bombed. The world is really stupid in comparison to the ruling bloodlines of men.

The rise of Kim Jong-un is another case of Guccione Romantics where you have a small power threatening a world power, but that threat is legitimate. What would America do if Korea launched its bombs on us? Stop them in the air? Do you have that kind of technology? The only stupid thing you would do is send bombs their way and then we have a WW3 where nobody wins and the world gets destroyed. Then Lucifer gets his way. That’s all he wants. You fail to see the Romantics of the Guccione Mafia that rules the world, and you will never conquer them because they are led by the soul of Lucifer in the standing AntiChrist. You don’t even know your KJV Bible which only touches on the power of Lucifer. Anyone who is saved is going to be spared the suffering—we are going to be raptured. The rest of you will be here to see a master/slave society in the likes of never before in the history of Rome. And you still can not understand the role of Jezebel in this because, like I said before, the Guccione is a supreme intelligence and it rules the world. They have run the world as the Prince and Power of the Air for 6,000 years, and they will continue to do so.

The Guccione sees Kim’s point of view as valid. America does in fact try to rule the world—that is the Guccione Romantic for America which grossly wealthy men like Trump fall for. But I like my president and I think he will make good decisions when it comes to WW3. I think the Congress will also. They have no choice. I think Kim is interested in his people, and he will eventually win over South Korea because they are his bloodline. I think he wants to drive out America’s presence in South Korea, and I think he’s right. Maybe he shouldn’t be threatening America, but he should be building a militia to protect his country from America’s bombs who don’t agree with his method of government.

So, do what George Lucas taught you in Star Wars. Just blow off all your bombs at each other, but, no matter what you do, the bloodline of world kings will remain. They always find a way to survive. They survived the flood (Genesis 7-8), and no pastor would agree to that.

Although Mr. Guccione couldn’t be reached for any lengthy comment, he did say this: “I think Kim is building a good defense for his country. I hope that he shares it with the Koreans of the South Korea. The copy dizzied up the girl. He’s a coward, but he always gets his way.”
The Patterson/Clay Fight
What Does It Mean to Robinson?

by Dom Laporto, Staff Journalist

The classical black and white video of the Floyd Patterson/Cassius Clay boxing match seems to mean a lot to Robinson. Although Robinson has been training in boxing, he says “I only do it for exercise. I’m fifty years old. After years of roaming the streets of NYC manic my legs are gone.” Jim has never had a fight. But there are some in the ghetto who claim Robinson has a big mouth and “he’s gonna have a fight whether he likes it or not.” Robinson says he wouldn’t fight blackie or yellow, he only fights white. Young white khop. He says, “I’m not the KKK. Patterson was the fastest hands in the business and still is. That’s why Jim chose him to train me when I was a young man. I think that the men of DeKarloe’s in Colonie, NY are cowards and I want to have a boxing fight with one of them someday.”

Jim trained in the Huguenot Boxing Club in New Paltz when he was a student at the university there in the early 1990’s. He says he really enjoyed it. Jim came back to the Patterson residence about 2 years after graduating the college at New Paltz and holding a job as an elementary teacher at a Christian school to get Floyd saved. He says, “I was a really kind man. I liked Floyd. I’m glad he got saved—he was really open to the gospel. It’s too bad he had to pass away so soon.”

Jim Robinson said the cops have nothing to do with his success. He says they are liars and the fathers of it. Jim would not recommend anyone ever trust any cop at all. Mr. Guccione said, “You see what happened when Jim trusted that Murphy would fill out his questionnaire. He mocked Jim. The cops make Jim embarrassed to practice his Shaolin art in public because they don’t want Jim to defend himself against whitey. Murphy is a Lucidian, you see. Now he has to answer to my father. He will probably lose his job and his guns and be prey to the ghetto who hate cops too, especially the blacks. Good luck getting your fiat, Murphy. Jim has it now.”

What Is A Bounty Hunter?
Misconceptions Presented by a Jealous Law Enforcement

by Jim Robinson, Investigator

A bounty hunter has to abide by state rules, but he is not the same kind of law enforcement agent as a local cop, a state cop, a marshal or an FBI agent. He is far more intelligent and therefore basically self-employed. Wikipedia doesn’t really have the definition right.

A bounty hunter has one job: to capture wanted criminal suspects. It must be understood that the suspect might not be guilty of the crime laid against him, so often that suspect is wanted alive and requires a slight of hand in the arrest. The misconception a lot of police officers have about bounty hunters is that they are bound by the same kind of rules as they are. A bounty hunter has a lot of freedom because he is responsible with his gun. A cop has to have a lot of restrictions placed on him because of his potential to be a bad cop.

The only thing stopping me from being a bounty hunter is my record, not my intelligence. Find a cop who can paint a mural like the one a LoPortos. That is an example of intelligence. My mistakes with the toy gun do not matter. All that matters is how I handle a real UZI.

Part of the trick to being a bounty hunter is understanding crime. And part of my hunting is to capture criminals who have not been reared up for a bounty yet. That is what hunting is. I do not need a wanted sign to find a criminal, nor to judge someone as a criminal. I can do it with other means involving my talents in art.

Many, many cops do not want me to be a bounty hunter because they know I am anti-porn and they are the militia that protects the porn kingdom. A cop who tries to stop a commanding officer, and a bounty hunter is above the marshals and FBI, will be arrested and tried for insubordination.
The Illustrated Man
Tattoo Parlors In the Capital District Making a Mint
by Dom Loporto, Staff Journalist

About 3 years ago, Jim had a verbal altercation with Shocker Tattoo on Lark Street, Albany, NY when he tried to make friends with them by offering him his novel the Door to Sambucca for free and leaving a harmless note telling him to remove the blood from the logo. Shocker responded by mocking Jim’s brother and dad and threatening to punch Jim in the face. Well, Jim was in fact knocked in the face by someone at LoPorto’s and it was on Mike’s camera. Mr. Guccione believes that Mike saved that camera footage.

Jim Guccione says, “Shocker runs a relatively clean business there. I don’t think he cares for Christians, though. He runs his hearse at the DiCarlo’s restaurant and I’m not sure what that means, yet. Jim was actually very kind to him, like he was to Mr. Savoy. I’m not really like Robinson, but I don’t mind Robinson showing kindness.”

Robinson says, “I’d never get a tattoo there. I don’t get tattoos anywhere really. I have only small one that I got from Spaulding about 30 years ago before I was saved. When I found out what tattoos really are, I stayed away from them.”

Mr. Guccione says, “Jim spent a lot of time warning you about Bad Bob, but you never listened to him. You displayed your Luciferian every time I set you up for it. The staff here has records of everything that ever happened to Jim from the time I first found him in 1989 at Woodhill Hospital in Brooklyn.”

The tattoo society goes around scaring everyone with their Satanist tattoos, but then they offer crosses and praying hands to make friends with Christians. But they are what they appear to be—Satanists that serve their master Lucifer. It is not what they tell you it is, it is the way it appears to be. The most dangerous people in American ghettos are Satanists as exemplified by tattoos that mark them for use by Luciferian masters.

The Operaccione of an UZI
Preparing a Christian Nation for a Sexually Corrupt Government
by Dom Loporto, Staff Journalist

Some people have the misconception that an UZI operates with some kind of motor because it is a multiple fire gun (fully automatic weapon). UZIs are generally used by law enforcement officers in the US, and they are the pride weapon of the Guccione Law Enforcement Society as it came over from Sicily to assist America in fighting organized crime.

The highest ranking law enforcement officer is a bounty hunter contrary to Wikepedia’s definition of it. The American government does not want the common man to know how law enforcement actually works. The officers at the bottom have trouble controlling themselves and the officers at the top have them off the head of the criminal. Today, the Wikepedia has made him a fagot by telling the general public that he is only a bail bondsman.

An UZI is manufactured by the Jews, but it is also manufactured in Sicily for the militia of the super-intelligent Guccione Mafia. These were the men who paired with Apolyn when the cities of the world were built.

You have to read the Door to Sambucca to understand this.

Mr. Guccione is going to use Robinson’s boxing to teach the tattoo society a lesson about boxing in the ring. On the street there are no rules, but you have to worry about cops. The honor of boxing is in the ring as it was with Clay and Patterson. Tattoo whites of all kinds (cop’s son, iron worker, plumber, etc) are going to have bouts with Robinson when he is ready (according to Mr. Guccione’s standards.).

Robinson is also learning about how to use an UZI. He is not allowed to have any weapons, not even his prized sword collection, because Judee McDonough wants to take all that away from him. Jim Guccione is teaching him over the cellphone and emails. But when Jim gets off probation and moves in the Conservatory that is all going to change. Jim expects to have his bouts while he is still in the Hill Street Inn, however. “Those bouts are for Amy and Melissa, the ghetto boy’s dream,” he says.
The Chinese Shaolin Arts
Buddhist or Christian?

by Jim Robinson, Investigator

Although I've always had a respect for the Shaolin Martial Arts, I never really studied it much. I just did foolish things in Chinatown for years at 3am, kicking boxes and throwing punches in windows when everyone else was sleeping. But what is the mystery of this martial art? I really like it.

The biggest question anyone can have about this art is whether or not the Chinese artist was a Christian or a Buddhist. The Buddhist is in pagan error, but the Christian has the Power of the Holy Spirit of Jehovah.

The study of the Shaolin Art dates back to 1500 years at its conception. Today it has been perfected, as you can see by the videos linked to the pictures here. It involves the study of animal movements such as praying mantis, tiger and monkey. The fluent movements come from the larger ball-and-socket joints, unlike many of the shorter and easier to learn movements of the commercially popular Karate and Tae-Kwon-Do.

In retrospect of Jim's art, the common question among the people is, "Which art is better, the Sicilian

Ghetto Boys Study Robinson Literature
"It Changed My Life"

by Cal Ferrari, Staff Journalist

Jim Robinson has contributed a great amount to the Guccie Times based on his previous practice with his site jrrartworks.org. That site is the culmination of about 27 years of religious studies, graphic design, photography and artwork which Mr. Guccione has used in his comparative religion for his Mafia.

We have received some reports of this literature actually reaching inner NYC ghettos and changing the life of some of the worst juvenile delinquents the city has ever known. One teen, a 15 year old named John, said, "It changed my life. I used to smoke pot all the time and I didn't know any other way to enjoy life. I had strange girls and drank like a slave. I got some real Satanic tattoos on arms illegally and I was going to bring them all together with a full-arm layout until I got saved. Although there was nothing I could do about the tats, I started reading the KJV instead of delving in LeVey's books and listening to Black Sabbath. I stopped smoking pot and drinking, and I started to go to church. I wasn't much into soul winning until I started a dog run. Instead of working my way to a human sacrifice I started going to Karate classes to learn how to fight to protect the girls of my Math class from gang boys. It gets expensive and I don't have much money. I work as a dishwasher. But I make sacrifices so I can learn the art. My life is so much better now. I learned how to pray, too. Thanks, Jim. I've read all of your Soul Winner newsletters."

Robinson was very pleased with the reports that came to his mailbox and emails. He says, "I'm not always right with my preaching, but it is as close to the AnaBaptist doctrine, the truth, that I could get. I just hoped I was reaching someone."

Mr. Guccione said, "I am eventually going to put a cap on Robinson's religious writings. That's why I discontinued his Soul Winner."
Black Sabbath Muse
Defiant Satanic Rock-n-Rollers

by Jim Robinson, Investigator

In America, if you were to censor music based on its religious affiliation, you would probably be stoned by the public. It is part of our freedom of religion. That freedom has been claimed in England, the source of a succession of Satanic music that came into America during its development around the 1960’s when Rock-and roll was en-route.

The heavy metal sound and philosophy developed along with the rebellious sand sexually promiscuous rock and roll, and Black Sabbath was a leader in this movement. Claiming the rights to free speech and freedom of religion, they started a following of young white men who had a vehementice toward Christians, and they never really knew why. They were just teenagers who wanted to rebel. Little did they know the use of this kind of music and the classical conditioning it provided allowed them to be affiliated to black magic and Satanism.

All Satanism ever led to, whether it was in this form or the Freemasons, Aleister Crowley or Anton Lavey is the sacrifice (organized, ritual murder) of innocent life. This is conducted by Baal, the Fallen Angel of Human sacrifice as mentioned explicitly in the KJV Bible (see lower left picture). Anton LeVey wrote the Satanic Bible which outlines philosophies for human sacrifice. The Jesuit Priest of the Catholic Church, hiding behind a Pharisee of good works, is responsible for the philosophies of these men.

Black Sabbath was a predecessor to the many anti-Christian bands of today. It wasn’t always the music as much as the growth of the rebellion and hate for Christians that made them popular.

Mr. Guccione said, “I’ve heard some of their music before, but I do not really listen to them. I know they were very popular in the 1970’s and 80’s.”
Protocol Saves the Detective
Troy’s French Possibly Cleared
by Cal Ferrari, Editor

The Guccie Times recently interviewed Mr. Guccione on the matter of his allegations against Detective French of the Troy Police Department. This is a talk-to-text record of that interview.

Guccie Times (GT): We would like to clear French on the matter of protocol. We feel the law limits the authority of a local detective so that it does not allow him to investigate the man at the top.

Jim Guccione (JG): I will grant him that, yes. He was good and honest to Robinson as per my conversation with him today. He cleared Robinson in having taken part in the $13,000 robbery from SEFCU.

GT: What about Judge McDonough? We feel that there may be a law on the books that prohibits the brandishing of an air gun—that it might be misunderstood as a real gun.

JG: It seems that the quiet suburb of Colonie was relatively good to Jim. He did his time now he is out pursuing his career. I still do agree to Murphy’s D Felony charge. The plea bargain may have been legal. This would all require further legal investigation.

GT: Very well then. We understand that it is possible that Murphy may be being held in custody for his second cabling of Robinson, that it did not follow proper protocol for a questioning. Would you consider that second cabling a breach of his office if in fact the top dog threatened his wife and kids, and that Murphy is really a good cop?

JG: . . . yes, I would consider that. He should be asked a few questions and not have to worry about the consequences of his answers. He may have been ordered not to return the questionnaire even though he wanted to make friends with Robinson.

GT: So, the only one you really have a problem with now is the Caller?

JG: I’m not sure yet, Robinson tends to generalize. Sometimes he says that it is not just what they did wrong to him, but it is what may have done wrong to another individual or party. I like that idea at times.

GT: Ok, no further questions, Mr. Guccione. Thank you.

JG: Likewise.

The Quad
If French is Out, Who’s In?

By Dom LoPorto, Staff Journalist

The Guccie Times has not closed Robinson’s case yet because even though SEFCU gave him his money back, they are claiming that it is only provisional and dependent upon the outcome of French’s investigation. But, as per the above article, we want to rule French out. But Mr. Guccione says, “We can only rule out French if we rule in someone else. There always has to be a quad.”

After long consideration of Robinson’s investigations, we have determined the possibility of the Assistant DA, a male of Italian or like decent, to be a possible suspect if not in the actual identity theft but a accessory or even the man at the top. We have ruled out the Chief DA of Albany, Mr. Soares, because of his ethnicity—he does not fit the mold of a Mafia, which in this case we believe to be Italian/Sicilian. But is there a male member on his staff who can be a suspect? Did he in fact bargain with McDonough for Jim’s plea bargain that landed him 2.5 months in jail and give place for the caller to transfer the stolen $13,000? We asked Mr. Guccioune:

“ I would consider a legal entity that went bad, he says. “It seems that the Assistant DA, a male who fits the profile of an Italian/Sicilian ethnicity would have tried to preserve the DiCarlo’s kingdom and was instrumental in not giving Spitzer what he deserved. But because Jim is anti-stripper, he proceeded to convict Jim and set him up for an identity theft that would cause intense fear in Jim’s feeble mind.”

So then, French is out and the Assistant DA is in with McDonough, Murphy and the Caller. That makes the quad. The elimination of McDonough based on the fact that it is actually a felony to brandish a toy gun even if it is not used as a weapon (not pointed at anyone) is pending depending on legal research which we hope can be contributed by John Turi, the Troy Public Defender pro-bono.

If Murphy has ties with the Assistant DA, and he snitches on him, he’s out also. He gets a promotion and the Assistant DA gets charged with conspiracy against Robinson.
Jim Guccione’s Rise To Power
Public Officials Establish Sicilian Mafia in NYC, Chicago
by Jim Guccione 2, Staff Journalist

Was the attack on the Twin Towers an act of the malice and impatience of the copy? Or was it the false religion of the Muslim terrorist as invented by the Jesuit Priest to hate American Christians? Whatever the motive and the master plan, we lost the Twin Towers in a hideous attack on September 11, 2001—a day that will never be forgotten by Americans. About 10 years later, in May 2011, the Navy Seals went into Abbottabad, Pakistan and seized Osama Bin Laden, thereby executing revenge with his death. We then built the Ground Zero National Park as memorial to the attack with its new single Freedom Tower standing 1,776 feet high, about 408 feet taller than the Twin Towers which were at one time the highest buildings in the world. The erection of the Twin Towers was completed on January 1972, and the Ground Zero National Park was completed in 2011.

The only comment Mr. Guccione had about the erection and destruction of the Twin Towers and its casualties was, “It had nothing to do with me. He’s a coward.”

The criminal problems faced by NYC do not end with terrorists. The Mob never just disappeared, and the activity of organized crime persists until this day. The Guccie Times has been following the activity of the Gambino. John Gotti, a surname of the Gambino, was arrested and convicted on several counts of murder and other crimes. He was sentenced to life in prison, but he died of cancer after 10 years into his term. Did he actually do that time? Or did the seven-foot reward him for his perfect execution of a Public Mafia with freedom behind the scenes? Mr. Guccione said, “The whole media society is at the copy’s whim. He waves the candy bar of the Jezebel girl to orchestrate his Romantic in the media. If Gotti never really did that time, then the Gambino got away with murder.”

This is, however, only the start of something bran new for NYC: the rise of Jim Guccione to power. The Guccie Times does not consider Jim to be a criminal—he has no criminal record, and, as of the first issue of the newspaper in 2013, we have never known Jim to be violent. He says, “I’m only violent when someone crosses me.” So, no one has yet crossed him, but he is concerned about his abuse that Robinson has endured in his adult life. Mr. Guccione, as per our interface conversations with him and the one time we had the honor to meet him at his office, is a quiet and polite man—nothing that could be considered the tenure of a gangster. But who does Jim do what he does for? Is it for his native Sicily? America? Or does he have his own personal motives? We can not answer that question right now. Only time will tell.
Who Was Mary Guccione?

by Jim Robinson, Investigator

Around September of 1971, an event occurred in Manhattan that changed the course of world history. Mulberry Street had become a meeting place for the master and slave of Little Italy and NYC in general. Among the elistist class, there was a mother and her son who came to a little coffee shop on Mulberry street to entertain the slave girls with the little boy’s martial art. He did kicks and katas for them.

Demonstrating an unprecedented ability to master the art of Panther, the boy was a prize to the people, and a hope for the future of the slave.

Nonetheless, there was a rival to the boy, a Sicilian kid, a little older than the boy, who hated him for his popularity among the slaves. And, as legend has it, the jealous boy betrayed the little Panther artist and marred him for the rest of his life. This was part of a sinister plan to create the likenings of an antichrist with the power to rule the world with a computer.

Yet, we still have not answered the question: who was Mary? Mr. Guccione at last gave me the answer after my final recent, interface cellphone call to him at 4am this morning, saying, “She was my mother.”

Phases of Transportation
Passing Through Apollyon’s NYC

by Jim Guccione 2, Staff Journalist

People probably commonly ask the question: how does Jim Guccione get around New York City, and how shall we see him? Well, he uses all transportation means available to him, but you will rarely see him because he hangs around the elite seven-foot society.

Jim has been known to use helicopters, cabs, black cars, subway, bus and he goes on foot also. He blends in quite well with the crowd, both six foot and seven foot because he is a suave New Yorker and carries his business with ease.

As the saying goes “Jim is always hunting.” Some wonder what, or who, he is hunting for. He doesn’t tell us. He only reassured us that is if it illegal he will find it and stomp it out.

Jim is independently wealthy, but he is one of the kindest and most gentle men you would ever want to meet. The Guccie Times does not endorse Jim as having a slave kingdom, like most wealthy New Yorkers, but he is not a sole proprietor either.
The Jesuit Priest
How He Scammed the World

by Jim Robinson, Investigator

My mother used to be Catholic, but when she was she was also saved. She was a saved Catholic and the church she went to had a priest who was an underground Anabaptist. Although he had to confide in the doctrines of Catholicism, my mom still got the teaching of the Baptist from time to time. That was good enough for her for awhile, then she decided to leave the evil Catholic church and go to a real Baptist church. The church she goes to now does not really use the right kind of tracts (they do not mention Hell), but the pastor is a soul winner and he is quite faithful. But what is the other side to the Catholic church, the side that takes the blame for torturing and murdering over 100,000,000 Anabaptists in the Dark Ages?

The face you see to my right is a Jesuit Priest. These were the highest disciplinary sect of Catholic Priests, something like what happened to the Anabaptist church when it became Independent Fundamental, though not all of it. This priest’s sect is responsible for inventing religions to deter people away from salvation through Jesus Christ to putting their faith in an idol, a false god, and a heretical doctrine. They invented Mormonism (Joseph Smith), Jehovah’s Witness (Charles Taze Russell), Muslims (Allah), Hindus (multiple gods), Buddhists (pedophilia) and many other religions. This sect of Jesuits existed long before Constantine started the Universal or Catholic church around 500 AD.

The false doctrines invented by the Jesuit Priests had led to many other movements in History such as the Holocaust, Civil Wars in Third World Nations, and abortion. The Jesuits provided a religious base upon which a heretic of that religion built a kingdom. The best example of this was Constantine’s Catholic Church which compelled people to become Catholic at the risk of being hideously tortured and not being allowed to die and go to Heaven. The torturing devices they invented are still being used today by cop families that raise up slaves for their political leaders in America.

The Evil Guccione Mafia uses the Jesuits to sway the masses politically, religiously, economically and in may other facets of our modern day leadership.

The Anabaptist started on the seashores of Galilee by Christ Himself. He was baptized by John the Baptist therefore He was a Baptist. They caught the name “Christian” first in Antioch where the scriptures of our King James originated.

The key element to the Jesuit’s power that the police have adopted is adhering to laws that allow the freedom of religion and the worship of Satan either directly, such as through LeVey’s Satanic Bible or indirectly such as through the legal societies’ culture of the Freemasons in the Laodicean age of the church.

The Guccie Times is committed to educating the public about the power of government over the masses so that we, as a much larger social body, can rebel against it as it begins to prove itself a tyranny.
What Is the AntiChrist? Sitting On the Throne In Albany

by Jim Robinson, Investigator

If you had any sense, you would purchase *The Door to Sambuca* so that you and your family could learn about the spiritual aspects of the last days as it is written in the hated King James Bible. You are a Laodician age where people do not care about one another, only their own blood, and they have been taught by Satan, the name given to the fallen angel Lucifer, to make everyone else your slave. In the Soulwinner Issue 23, I outlined the book of Revelation, but it is wanting. I have learned so much more from Jim, and the two philosophies are now coming together. You will fail to believe this because, once again, this is the Laodician age and you are much too comfortable.

In the KJV Bible, the AntiChrist is defined as one of the trinity of Satan that mocks God’s trinity. He is the most powerful leader of the people, and he gets his power from Apollyon’s technology. He is a master of slaves, something the world ignores as it is hidden from them because of their pleasures.

The antichrist has boasted that he will rule the world, but God only will give him 7 years then he will be killed and thrown to the Lake of Fire. Yet, that prophecy may have been the result of a bounty against Jesus Christ, as may be much of the Bible. This philosophy of the bounty has not been proven, but it seems to make sense.

The one key to the leadership of the antichrist, which can be denoted by anyone who denies that Christ is the son of God and can save us from Hell (1 John 2:22) is porn on the internet. Just about any kind of porn jargon can be keyed into google and the result is the work of the antichrist being made popular especially to our younger generation. This is the Kingdom of Hell that causes murder and genocide. It is no wonder you have had shootings in LA and Texas. It is most likely the shooter was caught up in the internet porn. It’s free for anyone who wants it. Porn is not longer a billion dollar industry as Lucifer has mocked the business of porn (even among his own people). It is an art for its own sake.

The antichrist is going to rule from the penthouse in the Empire State Plaza tower, even though it is common for him to dwell among penthouses in the skyscrapers of Manhattan.

Troy’s Malloy
Retired Police Officer Exhorts Panther

by Dom LoPorto, Staff Journalist

In the Guccie Times Issue 17, p.2, there was an allegation against Officer Malloy, a retired cop from the Troy Police Department, whom we thought was involved with the Robinson conspiracy. It appears that Mr. Guccione has deemed that only to be a Panther lesson, and he has since omitted Officer Malloy from any illegal involvement or as being a subordinate to threats made by the mob on a cop. There are no other citations on the Troy Police at the current time, and Mr. Guccione says, “They have been let off the hook. But Murphy remains in the quad.”
Robinson to Get His .45 Smith and Wesson

by Jim Guccione 2, Staff Journalist

The cops do not want Jim to have his gun. They say he has to get it illegally because he’s Mafia. They say the general public of America would never sign a petition for President Trump and the Congress of the United States of America to grant Jim his .45, let alone his UZI. Ever since Judge Roger McDonough convicted Jim of a Weapons Possession charge because he brandished a imitation pistol in his attempts to show the sex slave Jezebel girl he loved her, Jim was thought to be a nobody who could never own a gun. They said he was too old for the martial arts, and boxing is not with the in crowd of young adults.

The Guccione Times feels that many bad cops misuse their gun to police sex-slave kingdoms, and Jim is the only one who can be trusted with the cop’s .45. Jim would not get a Glock because it is plastic, he would get his Smith and Wesson.

We here at the Guccione Times support Jim’s .45, and we hope to convince the general public of the same. We understand that there are a handful of local cops who have made a conspiracy to kill Jim if he ever gets his gun, but hey they are already known by Mr. Guccione and will be arrested immediately as soon as Jim gets into office. It is alleged that they work for Judge McDonough of the Albany County Court. See Issue 30

Is Prostitution Legal?
The History of Sex Trafficking in NYC

by Dom Loperto, Staff Journalist

I have spent a great amount of time in NYC and I’ve never had problems with prostitutes—because I was never looking. But the sex industry in NYC is very much alive. It is the reason why a lot of men come there. New York is historically known for its prostitution.

There was a time when New York City was the prostitution capital of the US. But it is still illegal there, and the only place where prostitution is legal is in certain brothels of Nevada.

Some people wonder how hookers never catch diseases considering how they deal with men of all kinds. Well, in the first place there is a vast difference between a prostitute and a whore. The prostitute is usually the high-class version and she is only a masseuse. The whore is the ghetto girl that goes all the way. If a tycoon won’t settle for the prostitute they have to give him the whore, and the girls try to look out for each other. Sometimes they are betrayed by Judas. The sex society undergoes blood exams to check for diseases. Why would they want to spread anything in a pimp’s pride? He allegedly has his pride and his four queens, each representing one of his four serums. And that it is how he brands them his girls. Jezebel carries his one serum. Or so he thinks. That’s the Lucifarian of it, but its really just a lie.
Are Cops Actually Middle-Middle Class?
Studies Suggest Cops Actually Own a Lot of Ghetto City Properties

By Jim Guccione, Staff Journalist

A young girl recently wrote a letter to the Guccie Times saying, “My dad is a cop. He loves our family, and he is good to the community. Why does Jim come down so hard on cops all the time?”

The Guccie Times supports Mr. Guccione, but we also understand that there is a public opinion. Mr. Guccione says, “No, not all cops are bad. I believe the girl. But Jim is not to make friends with them, only business acquaintance.”

Most cops who own property try to serve the community, but there are a few bad apples in the basket who abuse their properties to raise up a slave kingdom. In conjunction with other wealthy property owners, they create an environment for the poor to delve in vices that get them hooked in the behavior of a slave. “It constitutes an underground where drugs, stripping and prostitution thrive,” says Robinson.

There are many organizations that exist to revitalize the ghetto streets into a community of healthy and prospering people. No one wants a run-down neighborhood but the master of the slave and his cop gun and slave cuff.

Undercover Pressures “Soulwinners”

by Dom Laporte, Staff Journalist

We asked Robinson recently if he thought there was anything worse than a bad cop. He said, “Yes, an undercover bad cop.” It seems that the undercover has been harassing the soul winner—telling them that they are not allowed to distribute tracts nor give the plan of salvation.

Robinson has undercovers around him all the time. They are waiting for him to make a pass at the bar maids then they would arrest him for harassment. “It gets difficult at times,” he says. “I have to be careful what I do.”

A Brooklyn ghetto boy said, “I started a dog run for my soul winning. No one gets in my way. I find food and drink when I go, sometimes for free. I study in the marital arts, and I follow all of Jim’s UZI links. I never force the gospel on anyone. I just offer it. If they refuse, I just go on to the next person. I reached a point to where I really didn’t care about people who refused the gospel.”
Ciro’s Place In Menands, NY
Ghetto Strip Club Pollutes Community

By Cal Ferreri, Editor

It was not enough for the capital District to have a DiCarlo strip joint, the porn editors from Manhattan had to come here and further harass the people upstate small time with a Ciro which has adopted the style of a ghetto club. All this is really doing for us is teaching us how you do it in Brooklyn.

It is estimated by the Guccie Times that Jim Guccione will have a problem with this establishment. Precisely when we are not sure. He says, “They keep harassing Robison on the bus when he is studying to conquer the Shaolin on his handheld device.” When we asked him exactly how he was being harassed, he said, “The clothes they wear. How can a boozed affford styled jeans with holes with leathern jackets and not have a car? He just rides the bus to kidnap Capital District ladies. It is never the ladies’ fault. Stop calling them whores. It is the nympho suburban bisexual males who are responsible for psychologically abusing the young ladies.”

The Guccie Times is looking for some legal means to close the place down, but it seems they operate within the confines of the law. We are sure, however, that Judge McDonough of the Albany County Court would oversee any of these hearings and he would side with Ciro. That is because we allege that he was one of the Albany judges who let Elliot Spitzer get off scot-free when investigators allegedly discovered he was getting his girls from the DiCarlo’s Very Important Person Club.

Mr. Guccione says that although he doesn’t have much time for it, he is going to give Robinson some of what he is asking for.

Cinema Art Screen Becomes History
Troy’s Porn Industry Takes a Hit

by Dom Loporto, Staff Journalist

Sometime about 10 years ago, a man by the name of James Robinson went street preaching one day. He yelled against the then Cinema Art store in downtown Troy which was known for its sado-massicist porn and widescreen set where nympho men went to see porn. Because of his preaching, the store was closed down, never to open again. It is now a byword and a bussiness to the people of downtown Troy and its businesses. It was a great victory for Troy although it never really made it to the media because the Troy Record was angry about its boycott.

Every time Jim walks past that spot he is reminded of his victory. He says in retrospect, “I did that for my pastor and his family.”

It seems strange to the Guccie Times that although DiCarlo is making a mint, the girls are all wearing something. Cinema art was all porn. They were never able to reopen the cinema art. Isn’t the cinema art better for the male nymphs than DiCarlo? How come they can not open it back up or even start another one?
How To Rear a Christian Family in the Ghetto

Yes, It Can Be Done, If We Work Together

by Jim Robinson, Investigator

I had to make a trade-off with Jim to vie for this page to write this article, but he let me do it. He said he is going to limit my religious writing so we do not have much time.

I have never had a family, but I have watched my pastor and other families in the church. There are things you can do to keep the welfare of your wife and children, and you can succeed at having at family and working towards a higher social class, even in the midst of a crooked and perverse nation. I have outlined a few things for you here that I believe will help you.

Make Friends With Unrighteous Mammon. You need to have some flat money once all of your bills are paid to go out in the community and get to know some of the merchants in your area. Many of them are born again Christians form the Kingdom of Earth who will help protect you and your family from crime. Do not trust or rely on the police department to keep you safe from crime.

You can live in the Kingdom of God and work in the Kingdom of Earth. Your home should be a sanctuary for you, your wife and children. Be sure to maintain the foundation of the Christian life with your Bible reading, prayer, soul winning and find a good fundamental Independent Baptist church where the pastor has a proven record of caring for the poor and preaching sound doctrine.

Do not be afraid to spank your children and teach them the meaning of the word no. Many laws today discourage parent form spanking their children, but this is a traditional way to train them at a young age. You should use a switch on their behind, and be consistent with it. Spanking a child, if it is done with love and not in anger, is not a form of child abuse as long as it is not in excess. Always pair the pain with the word “no”, and later on they will respond to no without the spanking.

Know something about the professionals who work with you. They may not be saved, but do they have a record of good works? This includes especially police officers, doctors, and lawyers and professionals in social services.

If you can not home school your children or send them to a Christian school, have a daily conversation with them about what happened at school today. Do not be afraid to tell them that certain things are wrong.

If you are a man, do not be afraid to work and let the chips fall where they may. If you are a woman, learn about domestic things in the home. You can live in the Kingdom of God and work in the Kingdom of Earth. Just remember, the Kingdom of Earth will watch for you if you patronize them. They are into alcohol, sex and other vices, and sometimes they tell white lies, etc. But you just do your best to be a good testimony for them because they often have been betrayed by religious ministers, and they do not know who to trust.

Always make an attempt to have a rifle in your home and practice safe gun rules. Teach the gun to your son at a young age, and introduce it to your wife and daughters also. Some neighborhoods may not allow you to have a gun, but you should make good acquaintance with leaders in your community that are not afraid to profess that they own and will use a gun to protect you and your family.

Never trust a cop. They are all corrupt and deceitful, especially to the poor. Show them the respect they demand, but report any suspicious interaction you have with a cop to a higher law office such as the FBI Fieldhouse in Albany.

The internet can be very dangerous to your teenagers. Be frank with them about porn sites. There will have to be a level of trust between you and your children because that abomination will always be available to them wherever they go and you can not always be there to prevent from going to those sites.

Try to have some good solid IF Baptist literature in your home, even if you are not of that denomination. They are the closest the church ever came to the AnaBaptist, except for the descendants of the AnaBaptists themselves. IF Baptists will produce heir own literature, but I have not yet made contact with AnaBaptist. Some IF Baptist ministers, like Jack Schaap of the First Baptist Church of Hammond in Indiana have made a mockery out of this church, but do not let that discourage you. There is always a bad apple in the basket.
Jack Chick
An Honor to the AnaBaptist
by Jim Robinson, Investigator

Jack Chick is known for his tracts, simple comic-book illustrated pamphlets that contain the gospel message. What few people do not know about him is that he has a line of other comic books and illustrated literature available on the internet (click on picture at right) that explain about Bible heresies and the rising of the antichrist. His books and tracts have contributed greatly to the AnaBaptist movement in the US.

I greatly admire the work of Jack Chick, especially as an artist, and I think he is a great inspiration to lower-income people who are subject to the censorship of the upper classes who do not want us to have access to the Bible or literature against the Catholic regime. I strongly recommend using these books as literature for your youth and soul winning.

The suppression of the rise of the upper classes over the middle, working and poor classes will require literature like this to us.

What Is the Legal Definition of Arrest?
Why Officer Murphy Broke the Law
by Dom LoPorto, Staff Journalist

As the legalities of the two forcible arrests by Officer Murphy of the Colonie Police Department on Jim Robinson unfold, it is being made very clear to the www American public how the upper classes are attempting to create a master-slave society in the reign of the AntiChrist using lawyers, judges and especially the slave cuff of a cop, both good and bad. Both of Murphy's seizures were illegal, as per the paralegal research provided below, and Jim Robinson is not dependent upon Troy Public Defender John Turi to give him legal advice. Turi never returned Jim's information about the charges he wishes to place against Murphy because Turi lied to him already. The Guccie Times believes that Turi was only doing what his authority told him be denying Robinson honest legal advice.

The legal definition of arrest:
*A seizure or forcible restraint; an exercise of the power to deprive a person of his or her liberty; the taking or keeping of a person in custody by legal authority, especially, in response to a criminal charge.* Taken from The free dictionary by Fairlex

As you can see, the second cuffing of Murphy was in fact an illegal arrest not only by Murphy but by his counterpart officers. Furthermore, even the first arrest, which Mr. Guccione was willing to pardon, has proven illegal and the whole court procedure, involving four judges the most prominent being Judge McDonough of the Albany County Court, was also illegal based on the following paralegal research on air guns:

"Makes no sense as the conservation law states .177 or larger and over 600 fps. You can shoot at targets off your back porch as long as there are no local ordinances saying otherwise because *airguns are only considered firearms in Conservation law, not criminal law.* Same deal with bow and arrow. You can shoot targets in your back yard with no restrictions because it is not considered a "firearm; unless you shoot it at a critter. For example my .45 Saver 909 with 245Gr bullets shooting at 590 fps would not be legal to shoot a red squirrel with because it is under 600 fps. Taken from New York State Air Gun Laws" See Issue 30
The Problem With the Shaolin Art
Conversely, It’s All in The UZI Apollyon

By James Guccione 2

The Shaolin Martial Arts date back around 1500 years in their conception, and the development of the art is rather fascinating. The Guccie Times, however, wants the public to understand that many of the practices of the Buddhist Shaolins are absurd and do not constitute a Martial Art for the bounty hunter.

The work of the bounty hunter is not limited to hand-to-hand combat, but it has traditionally expanded to the Apollyon. Any criminal has to have a social life, and restraint is possible with the cooperation of citizens with a keen eye for behaviors that denote a criminal, even in the most swiftest of interactions. The cooperation of society with the bounty hunters that have proven themselves to be born-again Christians and worthy of their status will promote a sound arrest or termination of the suspect.

The internet has no limits and many dangerous videos have been posted and made available to potentially criminal minds. We have seen the result of this in the LA and Texas shootings recently, as well as the historical Columbine shooting and others like it. Google deliberately refuses to censor their links.

Should You Ever Trust Any Cop?
No, Never Trust a Disproven Cop

by Jim Guccione, Editor-in-Chief

After careful presentation by my Public Official James Robinson during his voyages on Lark Street and lower Manhattan, I have made it perfectly clear to the American people on the www that bad cops are not to be trusted, whether local, state, federal or marshalls. They are a Romantic created by Lucifer in Apollyon’s Hades during the research done in Heaven based on Lucifer’s knowledge that he was given by God to be a steward of the angels, who preceded man. Lucifer rebelled because he demanded his woman before he proved himself, and God learned sin from the rebellion of the angels. So, you must understand then, that the upper classes are going to use bad cops to sexually abuse the poor, working class and middle class to get their way for a master-slave society for public officials like judges and lawyers.

We have no choice but to cooperate with all cops because of heir infiltration with society, but as long as you follow laws and look out for poor people who are subject to the cops slave cuff, you will be ok. Cops can not bother you. Do not violate this recommendation.

Mr. Guccione apologized for accusing the Troy Police for betraying Jim with permission to use the air gun. It is understood at this point that the Troy cops were actually trying to help Jim qualify for a real gun by allowing him to practice title the toy gun. Jim made his error and he is paying for it now.

I would recommend studying the cops in your area and surmounting their slave gun with your gun, and leave the cuffs up to me.
