

VERDANT HAITI

VERDANT HAITI

VERDANT HAITI was inaugurated on September 2017 to contributing to the great battle needed to save Haiti from a total deforestation. Indeed, many reports signal that the country has lost 98% of its green cover. It is then the task of all its citizens and people who love it to do something for its salvation. That's why, we at the Pierre Toussaint and Mother Mary Lange Center decided to create the project "Verdant Haiti", even if it is a drop in the ocean of help needed to implement a true program of reforestation.

For the success and efficiency of this program, we have chosen the Congregation of "**Les Petites de Ste. Thérèse de l' Enfant Jésus**", first Haitian religious congregation, created by Fr. Louis-Farnèse Louis-Charles in 1948, as the organization, to concretize our idea. They have accepted and have already started to implement it in their farm at Fort-Liberté, a historic city of the North-East of Haiti. (see *The Lange Heritage Magazine special edition June 2019*)

Whatever you give, will go entirely to the PSST. No fees whatsoever will be retained. The Toussaint and Lange Center will assume them. Your name and the amount of your contribution will appear in the next issue of The Lange Heritage Magazine, each time you give.
