The early morning July event was founded by 6 runners preparing for a *real* Marathon in September 2001 at mile 20 a wise guy commented "why not just complete the marathon now?". For the last 11 years, this event has been commemorated on the Sunday nearest July 4th and now dedicates all the Hotter than Hell Marathon proceeds to **RaceMD**.

RaceMD was founded with a mission of delivering intermediate therapies (medicine) to Duchenne boys to reduce muscle cell loss and prolong their lives until more permanent solutions are found. Affected boys are born with a genetic defect in his dystrophin gene, which results in Duchenne Muscular Dystrophy. Without functioning dystrophin, muscles progressively fail. Duchenne affects 1 in 3,500 boys, approximately 20,000 in the US. Boys with Duchenne are in a wheelchair by age 12 and most live only into their 20s.

You can take an opportunity to make a difference in the lives of tens of thousands boys suffering from Duchenne Muscular Dystrophy (DMD) and have fun doing it. **There is no charge for the event. It is completely Sponsor and donation supported. DONATIONS ARE ENCOURAGED. All contributions will go directly to RaceMD.**

The world's strongest athletes helping the weakest of all boys is a profound example of caring and powerful symbolism of human potential. You can donate directly to **RaceMD** by visiting the website, www.RaceMd.com and click the "Take Action" tab then "Make a Donation. DMD boys race is on 24/7. You inspire them. So...
