January 17, 2019

Meeting began at 7:03pm

Motion made to approve the November 2018 minutes. Motion passed.

We are now accepting textiles!

Concerns about acceptance of textile scraps from sewing. Jeff will look into this.

Discussion about the solar panels and their relationship to the power bill. In the summer we pay a larger bill, but in the winter realize the savings. It ends up balancing out.

Motion to take current solar CD and turning it over at a higher interest rate. Motion passed. This will begin to exceed its current rate at 8 months and then we will see four years of that higher interest rate.

The Freedom of Access Act warns us that email accounts used for municipal communication are subject to scrutiny, should such a condition arise.

Motion to adjourn at 8:11pm. Motion passed.
