

# HURRAY!!!

“They are wonderful! Games, draw, type. Oh we learn stuff too!” a 3rd grader.

Our Mission is to provide **schools**, students, families, adults, and special needs individuals who are At-Risk with affordable computers.

“The Computer Banc program has afforded our students the opportunity to integrate real-time technology into their classrooms. Technology truly helps make the world go round, but teachers and groups like the Computer Banc help “cash strapped” districts such as ours be a part of that world.”
