

WASHINGTON MASONIC NATION

MYSTERY BABYLON MOTHER OF HARLOTS CUP FULL OF SAINTS' BLOOD

'I, ISIS am all that has ben, that is or shall be; No Mortal man hath ever me unveiled.'

ISIS

ANTICHRIST

Being 'birthed' by the nector of the Spider's venom.

MASONIC MEMORIAL

Anthropomorphic AntiChrist

The Luciferian false religion of the Masons have copied the Temple to Washington in a pretext to honor the Father of the Nation. Foremost Washington was a Mason. For a Mason, such an office and calling is above any other, including President of the USA. The goals supersede that of the Republic and/or of its citizens. The Great Work of a Mason is to Build Lucifer his Temple on Earth, to enthrone him in the chair of Jupiter, Zeus as he had in Heaven and in Pergamum.

THE WHORE OF BABYLON

The Luciferian false religion of the Masons and Roman Catholics use the imagery of pseudo-Christian icon to mask their Light Bearer god, Lucifer they worship. This 'Virgin' is not Mary, the mother of Jesus but the goddess ISIS, aka Venus, Lucifer in drags that appears often in apparitions and even shed tears of blood in eyes, hands and feet. It is a deception imposed against the ignorant masses. This Harlot is of Babylonian Mystery religion of Lucifer that is supported by the Serpent, the Dragon, the Beast she rides.

The chalice is a womb of which the Babylon Mystery Religion will birth and support the coming birthing of the AntiChrist from the Chalice that is a n encrypted womb. Coincidentally, the hand stances of both are in the form of the Spider's legs. Again a picture of who is nourishing and developing this AntiChrist until it is born.

The chalice is a mockery of the cup of redemption Jesus last drank from at the LORD's Supper. The owl is one of the symbols of Moloch, the god of abortion as in baby sacrifices. The spider is one in which its venomous bite will paralyze its victims as with sin as it sucks the life of its host. Such have the Mason with America.

The spider is descending from the capstone, the 'Eye of Lucifer' that will be revealed to the world one day. The spider's venom has produced the AntiChrist as if it has nourished it to fruition and eventual birth as the chalice symbolizes.

Red Dragon giving the power to the AntiChrist by way of the Spider as he descends to take his seat on the throne that his Builders have made for him, i.e., the 3rd Temple in Jerusalem and between the Cherub. In essence, a King Cherub seeking to rule all this is and above YHVH.

THE SHINING SERPENT

All-Seeing Eye of Lucifer

Temple at Baalbek

The Luciferians in part derive their lust for power at the expense of the innocence. The blood of over 70 million unborn in the USA alone has been the fuel for the Satanic mode of operation that the American society has capitulated its morals to. At the expense of a 'comfortable' lifestyle and standard of living, America has killed its own that has had to be replaced by 1000 of immigrant children and families. Such secret societies use a cloak of righteous and 'Christian' virtues and family values so far as they provide philanthropy to children's causes to appease their condemned conscious for the heinous acts of sin they do in the dark. ENCRYPTED BLACK WIDOW

SATANIC HEXAGRAM

As Above So Below

An ingenious entryption of the outstretched owl, a black widow spider hanging down on a tread from the capstone, and the Chalice that represents also a womb birth the AntiChrist. The Masonic emblem is configured as the 'mark' of the black widow that morphs into a Satanic Hexagram. A hexagram is the most power emblem of the Luciferian occult to conjure up demons through sorcery and ritualistic magic. It is also reminiscent of the Rothschild coat of arms, a red shield that had the red hexagram.
