How it Works

SELECTION / PRICING: WE DO ALL THE WORK FOR YOU!

We do all the sorting and the pricing. We like to bribe our kids with candy so we can get it all done. We will even research items to get the HIGHEST possible price for you! Please keep in mind, that our pricing is driven by demand, so the price you have in your head may not align with the customer's expectations.

PROMOTIONS / SALES We LOVE helping our customers save money because, let's face it, this economy stinks! So we offer a variety of sales and discounts to help everyone. Our RANDOM sales are based on the need to make room for YOUR stuff since I can see you brought in some GREAT stuff!

40% Once all sale prices, discounts and coupons have been applied, that price is then split between you and

The Puzzle Piece. You receive 40% of the final selling price. That may not sound like much on one single item, but since you are bringing us all your cool stuff, that adds up quick!

NO PROMISES Unfortunately The Puzzle Piece can not guarantee that every single item you bring in will

sell. We will try hard, but we can not predict the needs of every customer. Trust us, we want all of your items to sell! We put a lot of work into getting your items on the floor, so when your items have been here too long, it kinda makes us feel sad.

ROTATION Because we love to keep the store FRESH, we like to rotate items frequently. ALL CLOTHING

items are rotated after **30 days**. Anything else will be on the floor between 31 days and 90 days. Moving out the older inventory ensures we have room for your next drop off. **See attachment for more information**

DONATED After 30 days any item is eligible for donation based on the need for space.

This need varies from department to department. All donated items are marked on your account and **DONATED to The Whispering Pines Thrift Store. See attachment for more information**

YOU CAN PICK UP We understand that you may not want your items to be donated, so you are more

than welcome to pick your items up. Please understand that we are not able to notify you about every item you have available for donation, so we invite you to pick up your unsold items at your convenience. After 30 days, you are welcome to pop in and pull your remaining inventory .

LOSS PREVENTION We are in a wonderful community where we all like to sing Kumbaya. However,

sometimes bad things happen to good people so we will do our best to safeguard your items. Should we become the victim of a five-finger discount, sadly there is no way to track that and we can **not** be held **liable** for someone else's theft. We will let KARMA do it's job.

PAYMENT Stop in for any money you've earned at anytime. Once, a week, once a month, it's Up to you!

You can even cash out \$1.00 to get yourself a bottle of water if you like. However a bottle of water costs more than that now, so you may want to wait a little longer. You may also use your account balance as store credit for purchases. We make it EASY!

I have read the above terms and agree with them
