Gone But Not Forgotten.....

Storm was a St. John Ambulance Therapy dog. He did 9 years of weekly visitations. Storm was also my main guy for a program I founded "Keepers" which was about dog owner responsibility, child/dog safety, puppy mills. We went to many presentations, mainly involving children and he was so good at this. He was also the "good dog" when I did CGN testing. A funny and unique little dog that will be remembered by many for the joy he brought to them. We will always miss him. Susan and David Coutts.

"Whole Lotta Love" Valentine Cookies

At this time of the year when it's appropriate to go over the top in displaying your affection, go ahead and really shower it on your dogs. With these healthy, red-colored, heart-shaped cookies, you can go ahead and spoil them knowing you won't be plying them with lots of artificial ingredients. Natural food colorings are made from plants and vegetable dyes. While you're at it, try your hand at a poem that expresses your love for your best friends.

Remember, "Roses are red, violets are blue".....

1 cup oat flour 1 ¼ cup brown rice flour ½ cup grated parmesan cheese 1, 6oz. can tomato paste 1 egg ½ cup water

Preheat oven to 350 *. Combine all ingredients together and mix until a dough forms. Roll out on a slightly floured surface to $\frac{1}{4}$ " thickness. Use a heart-shaped cookie cutter to cut out shapes. Place the cookies on an ungreased cookie sheet (they can be close together as they don't grow much while baking. Bake 20 - 25 minutes. Transfer to a wire rack and let cool completely. Store the cookies in an airtight container in the refrigerator.

These recipes are 100% organic. Natural Food Colorings.

Beet powder is one of many natural food colorants; it's used in the "Whole Lotta Love" recipe because it's for Valentine's Day.

You can change the color or the dough with these other natural colorants for other occasions. Remember though, that these fruits and vegetables add flavors too. Use sparingly to be sure your dog will like it and so you don't overpower the other flavors. Also, never use coffee or any kind of grape juice to add color or flavor to a recipe as these ingredients are harmful to dogs

Blueish purple.....Blueberries

Purple.....Blackberries

Red.....Paprika, Tomatoes

Pinkish redBeets, Strawberries

Green.....Spinach

Yellowish orange.....Turmeric, curry powder

Luck Of the Irish Wolfhound

On St. Patrick's Day... March 17th...everyone is Irish for the day.

Your preferred method of celebration may be to have a green beer; we don't recommend you share that particular tradition with your dogs but you can be assured he'll stay close by your bar stool if you have a plate of these with you. And you know what ? They taste pretty good with beer, so you may want to nibble in them too. Here's an Irish Proverb to keep in mind on this Special Day !

May you have: A world of wishes at your command God and his angels close by Friends and family their love impart, And an Irish Blessing in your Heart !

cup oat flour
cup brown rice flour
½ tightly packed spinach leaves
2 cup grated parmesan cheese
2 cup oat bran
