

Frequently Asked Questions about Our Class and Private Class Information

Q: Will I need a FOID (Firearm Owners Identification Card) to take the class? How about to apply for the license?

A: You do not need a FOID card to take the class. You will however need one to apply for the license. You may apply for a FOID and your conceal carry license at the same time online.

Q: Does the training I receive expire? How long do I have to apply for my license after taking your class?

A: Currently there is no expiration on the training certificate you receive. You could apply for your conceal carry license any time after you take the course, and it must be done online. We will provide you with all the instructions.

Q: Do I need a firearm for the class? Do I need a holster? What if I don't have a gun or a holster?

A: You do need to qualify, so yes, you will need a firearm. If you do not have a firearm, we can rent you ours for a small \$10 fee. Rental includes use of the firearm, ammunition, eye and ear protection. We have plenty of holsters we can allow any of our students use for no cost.

Q: Where is the gun range?

A: We utilize private property in the Elburn, Illinois area. We will qualify on Sunday of whatever weekend we have a class.

Q: Is there a test to complete the course?

A: Nope! You only must attend the required amount of training and pass the range qualification course (don't worry its easy).

Q: What exactly does the range qualification consist of?

A: According to regulatory guidelines, students must score a 70% on a B27 silhouette target (48" x 24" size). Students must hit the black portion (silhouette) of the target while shooting 10 rounds at 5 yards, another 10 rounds at 7 yards, and a final 10 rounds at 10 yards. So, 21 out of 30 rounds must hit the black portion of the target to successfully pass. Worried? Don't be. We will work with you and haven't failed a student yet!

Q: Do you offer private classes? What is the minimum number of students for a private class and costs?

A: Of course! The minimum number of students we require is generally 8 depending on the location we would travel to. If the host recruits at least 10 paid students, we will give one free class (usually the host for hosting the class). We charge \$150 per student for private classes. All private class students must attend both (two) days of training.

Q: How do I become a Host for a private class and what is generally required?

A: Call us and let us know so we can schedule a weekend for your class. The host will provide an area to have the class with electricity. It could be a family living room, garage, basement, place of employment, business, etc. We encourage you to provide light breakfast rolls and coffee, light snacks and water and some type of lunch for your private party however lunch isn't mandatory. Make it a party atmosphere. We want it to be a fun learning environment. We will need some space to setup a projector and screen if an HDMI television isn't available plus a small area to keep a few firearms out for display and to do paperwork.

Q: Do you have any other (hidden) fees I need to know about?

A: Nope! Not even "range fees" other companies routinely charge.

Q: What kind of experience or certifications do you have teaching this class and firearms in general?

A: Craig has previous law enforcement training; Craig and Kevin are lifelong shooters and NRA Certified Instructors. We are also certified in teaching a number of disciplines such as NRA Personal Protection in the Home, Outside the Home, NRA Appointed Range Safety Officers. Craig is a NRA Chief Range Safety Officer. We are also certified and licensed to teach conceal carry through the states of Illinois and Utah.

Q: How much does the conceal carry license cost? How do I apply?

A: \$150 through the State Police website. You may apply any time after you take the training class. We will provide instructions during the class.

Q: Do you include fingerprinting?

A: Fingerprinting for students is NOT mandatory, it is optional. We cannot fingerprint students for the Illinois Conceal Carry License as you must be a licensed State Vendor. We generally do not recommend being fingerprinted for Illinois because it will add about \$60-\$65 to your cost and the only real benefit to being fingerprinted is you supposedly will receive your license 30 days faster than normal (90 days versus 120 days allowed). Generally people have been receiving their licenses within that 90 day window anyway. However, if students are interested in fingerprints, we can refer you to a licensed state vendor for that extra service.

Q: How do I know you are "qualified" instructors?

A: Our credentials are listed on the Illinois State Police website, along with a listing of currently revoked instructors! Visit <https://ispfsb.com/Public/instructors.aspx>

Q: Will any other state recognize my Illinois Conceal Carry license?

A: Yes! Just with your Illinois Concealed Carry license, you may legally carry in these states: Alabama, Alaska, Arizona, Arkansas, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, North Carolina, Ohio, Oklahoma, South Dakota, Tennessee, Texas, Utah, Vermont, Wisconsin.

Q: What is this Utah Conceal Carry Permit thing you offer?

A: Any student taking our 16 hour course is eligible for the Utah non-resident concealed carry permit which will allow you to legally carry in 8 additional states: Washington, Wyoming, North Dakota, Louisiana, Georgia, West Virginia, Virginia, Delaware. If interested, this will require you to stay about an extra hour on Saturday while we go through the Utah curriculum. We will also fingerprint you, photograph you and help you complete your application. All for an additional \$50 course fee. You will also be required to pay a \$47 state processing fee via credit card or check on the day of class.

Want to know more or schedule private class? Call Kevin at 630-728-1728 or Craig at 630-776-4412.
