

St. Gerald School and Afterschool Enrichment Solutions present “Let’s Build It!” Engineering *with Professional Instruction*

This class takes a hands-on approach to engineering, allowing students to directly engage with basic engineering concepts through a variety of fun and educational activities. Students will improve their problem solving, math, and physics skills – all while engaging in exciting building projects. Open to grades 1-6.

**Fall Session: 8 classes on Mondays, 2:35-3:35p.m.
October 19 – December 14, 2015. No class on 11/23.**

Let’s Build It – Crazy Circuits! is an exhilarating, cutting-edge area of engineering. In this unit, students will design, build, and test various circuits and electronic projects. Instructors will guide students through core concepts of electrical engineering, introducing them to circuits and electrical components. Students will use hands-on projects and experiments to explore how electricity is part of our daily lives. **No previous experience is necessary**, just a desire to learn and build. Projects will include: a disc launcher, electronic games, musical instruments, alarms, and more, along with fun-filled class activities! Each student will receive an award on the last day of the session, as well as the opportunity to earn engineering belts to demonstrate their learned skills!

For further information, please contact Afterschool Enrichment Solutions at 847-482-9999 or at info@LearningMeansFun.com.

To sign up for the program, please fill out the form below and **MAIL IT** with a \$105 payment to Afterschool Enrichment Solutions, 2223 Lakeside Drive, Bannockburn, IL 60015 by Monday, October 5, 2015 (postmark date). Please make checks payable to: **Afterschool Enrichment Solutions**. Registrations mailed after 10/5 will be admitted on a space-available basis. **No refunds will be made, unless there is insufficient enrollment. No confirmation will be sent. It's the parents' responsibility to remind the children about the classes.**
