To Our Valued Customers;

Due to the recent COVID-19 pandemic our glove vendors have increased our purchasing price. Because of this, we've had no other option but to increase our selling price.

We strive to still offer quality products, knowledgeable & friendly representatives along with free delivery and competitive prices. However we are struggling right now, along with many others and these increases are beyond our control.

Please see the enclosed list of our new prices that will be effective immediately.

If you have any questions, please feel free to contact your representative directly, or you can call the store during regular business hours. At this time we are only open 3 days a week; Mon, Wed and Fri from 9:00 am – 5:00 pm.

Thank you for your understanding during these trying and uncertain times.

Angie Frederick

Office Manager
Western Medical Specialties
