UNIVERSITY

CONGRATULATIONS: A SALUTE TO THE CLASS OF 2020!

by President Obama

Yours comes as the world is turned upside down by a pandemic, and by a country that has been swept up by protest.

I can barely imagine how head-spinning these last few months have been for you. Just as winter was thawing and you were thinking about spring break, those of you who were away at college were either whisked home or stayed behind on a shuttered campus. Most of you had to finish semesters online — which had its ups and downs. You didn't have to worry about what you wore to class, but watching your teachers and professors try to work Zoom wasn't always pretty either. Either way, none of this is how any of you imagined finishing your final spring at school.

Even if we can't all gather in person, I want you to remember that a graduation ceremony doesn't celebrate just a moment in time. It's the culmination of all your years of learning — about the world and about yourself. The friends and family who supported you every step of the way — they aren't celebrating a piece of paper. They're celebrating you: how you've grown, the challenges you've overcome and the experiences you've shared. You can see that love in all the amazing ways that families have come up with their own at-home graduations, from drive-by parades to handmade yard signs.

- ◇ Attend a financial aid workshop with your parents.

UNIVERSITY SYSTEM OF GEORGIA

The University System of Georgia (USG) will waive test score requirements for Spring, Summer and Fall 2021 admission due to uncertainty about the scheduling of SAT/ACT testing during the COVID-19 pandemic. USG made the decision after monitoring testing availability during the spring and summer, when multiple test date cancellations caused limited testing availability and negatively impacted students. This temporary adjustment will allow students to apply for Spring, Summer and Fall 2021 admission without submitting ACT or SAT scores. Students must still meet all other admission requirements, and must meet adjusted minimum grade point average eligibility thresholds for admission to each USG sector. Students who have SAT/ACT scores may still submit them.
