

**Powder Concentrate**  
**Parts Wash**  
PRODUCT: WH-900

- For Use On All Metals
- Long Lasting
- Removes oils and carbons
- Non-Etching
- Effective & Economical
- Biodegradable
- Low-Foaming
- USDA Classification: A-2

WH-900 is a premium powder detergent formulated for use on aluminum, iron, magnesium, steel, and other soft metals in hot vats and recirculating spray washers. Use it to remove grease, grime, oil, varnish, dirt, baked-on carbon, and other soils from transmission housings, engine blocks, starters, carburetors, brake shoes, and other machinery parts. Its low foaming, non-etching formula will not harm aluminum when used as directed.

Commercial Applications	Dilution	Instructions for Use
<b>Hot Vat Systems</b>	<b>5:1</b> <b>32:1</b>	Dilute product up to 1¼ lb per gallon of water (5:1) for cleaning heavily rusted or encrusted metal. Dilute product ¼ lb per gallon of water (32:1) for routine cleaning of metal. Add desired amount of product to water in vat. (Operate at 150° to 170°F for maximum effectiveness). Operate machinery according to the manufacturer's directions for use. Rinse thoroughly after removal
<b>Spray Wash Systems</b>	<b>5:1</b> <b>32:1</b>	Dilute product up to 1¼ lb per gallon of water (5:1) for cleaning heavily rusted or encrusted metal. Dilute product ¼ lb per gallon of water (32:1) for routine cleaning of metal. Add desired amount of product to water in spray washer. (Operate at 150° to 170°F for maximum effectiveness). Operate machinery according to the manufacturer's directions for use. Rinse thoroughly after removal.

**Suggested Industrial Uses:**

Aeronautical  
Automotive Dealerships  
Fleet Operations  
Highway Maintenance

Machine Shops  
Mining  
Pulp & Paper Production  
Rail

Service Stations  
Shipping  
Steel Manufacturing  
Waste Management

**Specifications:**

Appearance	White, granular solid
Odor	None
pH	12-12.5 (1% solution)
Flash Point	None
%VOC	None
DOT Label	None

**Terms of Use:**

Use this product on painted or glass surfaces in diluted form only. Rinse thoroughly with clean water.  
As with all cleaning agents, keep this product out of the reach of children.  
As with most cleaning agents, this product should not be allowed to dry on surfaces.  
Dilutions are recommendations only, as you become familiar with the product's performance, adjust accordingly.
