And Now.....

### THE NEWS

2020 is upon us. We have several announcements to share.

We have purchased a new ElectroVoice 50 sound system, 1000W, and all new microphones, mic stands, a mixer and various cables with monies from an anonymous donor, sale of our old equipment and money from the treasury. It will be used at our first meeting in January. I think you will be impressed with the quality of the sound. Greg Coffey has been appointed our new equipment manager. Club members may rent the equipment for gigs but are totally responsible for its condition upon return. Fees will be determined by the board. Gigs that are "free," but donations made to the club from the performance will also be allowed. There may be more rules concerning the use of our equipment, yet to be determined.

Lloyd Williams has been appointed to another term as "member-at-large" on the board for 2020.

The other board members along with myself thank you for your support of our board and for re-electing us. We all work for the betterment of Mile High Harmonica Club doing our best for the club and the advancement of the harmonica in general.

We are a growing club with about 12 inquires of interest in joining our club each month. This interest has been somewhat spurred by the two minute documentary that was presented on our local NBC affiliate channel 9 and other stations on NBC throughout the country. Most inquires come from our website and it seems to me that there is a surging interest in playing the harmonica.

Dues for 2020 are now DUE! \$24 for the year. Please get your check or cash to Ed Martin, our treasurer, as soon as possible. Our rent at Grant Street has gone up again but remains a good deal. We expect to see more improvements this year on the condition of the building including our parlors. At some point we may have to play in the sanctuary again for one or several meetings. Our current roster is 58 members strong!

See you in January. Happy New Year!
