

# MS. WHEELCHAIR VIRGINIA NEEDS YOU...

“Serving Virginians with Disabilities”

MWVA strives to assemble a wide and diverse volunteer force into their service efforts to carry out our mission. MWVA needs volunteers to participate in all aspects of the program. Our projects and activities create opportunities where volunteers are crucial. It is our goal to reach all communities and bring people together to foster citizenship. An increase in volunteers will increase our capacity to reach more people. Share your strengths, talents, resources, abilities and time to volunteer with Ms. Wheelchair Virginia!

“Build your leadership skills and professional network while working to improve the lives of individuals within the disability community”.
