Serves all 16 Clusters

Based on over 30 years of soft skills training experience in the global private business sector. Microburst learning developed a turn-key certification system for cultivating students' soft skills. The Soft Skills Program that has been associated with a drop-in discipline problems, covers educational standards, and helps students grow to understand and possess industry demanded soft skills. Our program changes student behavior through hands on learning, eLessons, practical activities, and pre-and post-assessments. we have soft skills programs specifically for Elementary School, Middle School, High School, and Post-secondary education.

We also create interactive and engaging online job shadows that are offered for FREE to all students in South Caroline. These online job shadows, called MicroCareerBursts, incorporate videos, games, lesson plans, discussion starters, to teach students about available career fields. The MicroCareerBursts count as work-based learning. Our goal is to help students understand how what they are doing now ties to the world of work.

In partnership with the state's public employers, we help ensure that they can offer their employees a comprehensive retirement plan that is responsive to their needs and is equitable to all stakeholders.

Pittsburgh Institute of Aeronautics (PIA) (5)
1038 Shine Ave.
Myrtle Beach SC 29577
843-315-5845

Kristi Schoenfelder
kschoenfelder@pia.edu

www.pia.edu

The Pittsburgh Institute of Aeronautics is one of the top resources in the country for skilled, certified aviation maintenance and electronics technicians. PIA's Aviation programs offer opportunities for individuals to develop the necessary skills for a successful hands-on career.

The AMT certificate program of PIA's Myrtle Beach campus focuses towards the preparation for the Federal Aviation Administration (FAA) Airframe & Powerplant certification exams. Most graduates of this program begin their careers with regional airlines, aircraft manufacturers, maintenance facilities, aircraft charter services, and corporate aviation departments. PIA's focus on hands-on learning experiences is evident in the school's shops and labs, which include specialized areas for propulsion systems, electronics (basic and advanced), radio communication & navigation, sheet metal, hydraulics, instruments & controls, composites, non-destructive testing, welding, and painting. Aviation students benefit from a variety of onsite equipment which are used specifically for training purposes.

Are you data-rich, but information-poor? Scantron provides intelligent assessment and analytics solutions that help learners, educators, and leaders around the world transform their approach to student growth. From web-based and desktop software to reliable scanners and guaranteed forms, Scantron products help you *use* your data instead of just collecting it.

Scantron's proven solutions have helped schools and districts simplify and speed up crucial data collection for decades. Effective instructional decisions depend on reliable and meaningful data. Scantron software, scanners, and forms turn raw data into actionable results that accelerate individual achievement and maximize educational outcomes. See what Scantron can do for you today!

SC Assistive Technology Program**(47)**

Carol Page

USC School of Medicine, CDR

Columbia SC 29200

803-935-5301

**All 16 Clusters**

The South Carolina Assistive Technology Program (SCATP) is a federally funded program concerned with getting technology into the hands of people with disabilities so that they might live, work, learn and be a more independent part of the community. As part of a national network of technology related assistance programs, our goal is to enhance independence, productivity and quality of life for all South Carolinians through access to assistive technology devices and services. We provide a device loan and demonstration program, an on-line equipment exchange program, training, technical assistance, publications, an information listserv and work with various state committees that affect AT acquisition and IT accessibility. We link people with technology and work with consumers, service providers, state agencies and policy makers.

Eileen Patonay epatonay@sccommerce.com

Kaye Shaw kshaw@sccommerce.com

As South Carolina's leading economic development agency, the Department of Commerce works to recruit new businesses and help existing business grow. Commerce has recruited world-class companies to South Carolina such as BMW, Boeing, Continental, Giti Tire, LPL Financial Holdings, Mercedes-Benz Vans, Toray and Volvo Cars and also supports startups, small and existing business, innovation and rural developmental initiatives. Commerce partners with the S.C. Technical College System via readySC to support workforce training and recruiting, and with the S.C. Department of Employment and Workforce, which provides worker training and employment opportunities within the state. IBM-Plant Location International reports in 2012, 2013, and 2015 ranked South Carolina first in the nation for attracting jobs through foreign investment. The state won the Gold Shovel Award and the Project of Year Award from Area Development magazine in 2012, 2014, and 2015. For more information, visit www.SCcommerce.com

SCOIS (S.C. Occupational Information System) is South Carolina's Official Career Resource Network. South Carolinians have used SCOIS for over 29 years to prepare for careers that will be in future demand. Students who use SCOIS can better prepare their Individualized Graduation Plans (IGPs.) Computer resources for career development.

South Carolina Manufacturers Alliance (72)
1340 Bull Street
Columbia SC 29201
803-799-9695

James Richter
james@myscma.com

Created by the South Carolina Manufacturers Alliance, SC Future Makers, powered by STEM Premier, seeks to expand the skilled workforce for advanced manufacturing and technical-related careers in the state. This public-private effort was developed in response to the growing workforce challenges facing manufacturers and related fields in recruiting skilled and talented associates. Through partnerships with South Carolina school districts, SC Future Makers is reaching students, parents and educators with information on opportunities, rewarding careers and proper education pathways to earn skills necessary for a technical career.

ProStart Culinary Art/Restaurant Management Program - ProStart is a national, career-building program for High School Students to get a taste of success in an industry looking for talent. the program blends both classroom learning & work experience to help produce future leaders of SC's Hospitality Industry. ProStart uses relevant curriculum material developed by foodservice managers across the country with the National Restaurant Association Education Foundation. When students participate in ProStart they have opportunities to participate in back of house tours, job shadowing, as well as participate in ProStart invitational, an industry based and judge culinary arts & restaurant management competition. Students that complete the ProStart curriculum, pass two national exams & compete 400 hours of work experience earn a national ProStart Certificate of Achievement that opens doors for dual credit, scholarships & career opportunities in the industry. ProStart is available in SC high schools, career centers & academics through an agreement with the SC Restaurant and Lodging Association Education Foundation.

University of Mount Olive
2272 Autumn Drive
Kinston NC 28501
252-560-9049

(30) Dr. Curtis R. Rains-rainsmoc@embarqmail.com
Rachel Rains - mrrains@embarqmail.com
252-560-9049

The University of Mount Olive's beautiful 138-acre campus is nestled in the rural community of Mount Olive, North Carolina, just 60 miles southeast of the capital city, Raleigh, and 75 miles northwest of the coastal town of Wilmington.

UMO was founded in 1951 by the Convention of Original Free Will Baptists. There are 60 different academic programs offering majors and minors. The average class size is 15 students.

Traditional students have the opportunity to live on campus in residence halls and apartment-style housing. Also, about 40 percent of the student body participates in 20 intercollegiate sports at the NCAA Division II level. More than 90 percent of students receive financial assistance.

UTeach Computer Science (68) Kimberly Hughes- hughes@uteach.utexas.edu
1 University Station G2550 Blake Vaught
Austin TX 78712
512-232-5850

Computer Science Principles is a new way to engage students in computer science education. It goes beyond programming to address big ideas like creativity, abstraction, data and information, algorithms, the Internet, and the global impact of computer science. Beyond that, the CS Principles framework was developed with the explicit intention of broadening participation among young women and others historically underrepresented in the field. It's an issue of equity!

The **UTeach CS Principles** curriculum was developed for high school teachers and students by highly experienced and successful secondary computer science teachers led by UTeach at The University of Texas at Austin. UTeach CS Principles is endorsed by the College Board and National Science Foundation. It is designed to meet the spirit and letter of the AP Computer Science Principles program and to prepare students to be successful on the AP Computer Science Principles exam and Performance Tasks.

WyoTech is a 50 year old NONPROFIT Career Training School. We train in Auto Diesel Collision Refinishing Motorcycle and Marine Technologies. Students receive training thru rigorous Hands on curriculum as well as classroom instruction. We offer many extra certifications beyond our education and enjoy positive job placement.

Thank you for supporting and visiting our exhibitors while you are at the Summit, Sunday evening and all day Monday. The Exhibitor booklet will be posted online at www.scacte.org following the Education and Business Summit for your convenience throughout the year. Stop by the SCACTE (South Carolina Association for Career and Technical Education) Silent Auction tables and post your donation bid on your favorite item. All proceeds go to the scholarship fund for SCACTE Professional Development. Silent Auction starts Sunday evening and ends Monday at 4:00 PM during the Exhibits afternoon refreshment breakout.

A special thank you to our exhibitors who donated door prizes for our drawing on Monday afternoon. Be sure to visit each booth and be sure to fill out your card in your bag for "BEST OF SHOW" for your favorite exhibitor. Drop it off at the **Exhibitor Check-In Table** to be included in the door prize drawings at the Monday afternoon break prior to closing Exhibits.
