JKLM ENERGY PROJECT UPDATE, OCTOBER 19

275 Water Samples Received to Date from 122 Total Sources; Single Sample Found with Trace of Acetone

WEXFORD, Pa. (Oct. 19) – JKLM Energy, LLC today issued the following update and statement below to the public regarding the company’s continuing response to the release of drilling chemicals at its Sweden Township, Potter County wellpad. These updates and related information are available at a project-specific website:

www.northhollowresponse.com

As of October 18, 2015, JKLM Energy, LLC has received a total of 275 lab results (122 initial tests, 153 follow-up tests) from water source samples near the Reese Hollow 118 wellpad. Updated results are summarized as follows:

	<u>MBAS</u>	<u>IPA</u>	<u>Acetone</u>
<i>Non-Detect</i>	122	122	121
<i>Trace</i>	0	0	1
<i>At or Above Standard</i>	0	0	0
Total	122	122	122

The chart above indicates the total number of water sources sampled and analyzed to date (122), updated to reflect follow-up sampling. It includes results for the presence of methylene blue activated substances (MBAS), analyzed to determine the general presence of soap-like constituents contained in the surfactant that was placed in the wellbore; isopropanol (IPA); and acetone, a constituent expected to be found as isopropanol breaks down in the environment.

JKLM is continuing to work closely with local officials as well as the DEP to limit the release’s impact to the community and restore the local water aquifer to pre-drilling quality. Local residents with questions or who notice a change in their water quality may contact Dean Boorum, JKLM’s community liaison, at (814) 598-3960.

The JKLM Community Outreach office is open at 200 N. West St. in Coudersport and will be staffed from 9:00 AM to 5:00 PM, Monday through Friday. The public is invited to visit the office to talk with project managers, and view maps and related information about the company’s response efforts. JKLM remains committed to its partnership with local residents, as well as to open lines of

communication with local and state officials and affected property owners.

JKLM's next press release will be issued Thursday, October 22.
