

Community Caregiving Initiative of Santa Barbara County Partner Organization Survey

Welcome

Thank you for taking this Survey for the Community Caregiving Initiative of Santa Barbara County. As you know, the purpose of the Community Caregiving Initiative (CCI) is to establish effective caregiver support systems through the development of cross-sector networks of community organizations, including but not limited to health, social and education sectors.

Your participation in this survey is a meaningful part of improving care for our caregivers . We expect completing this survey will take about 1-2 hours every six months, including the time required to engage with managers and staff about the survey questions.

Survey purpose

This survey will help us understand how organizations across Santa Barbara County are working together to better support caregivers. Information from this survey will be used to characterize how organizations communicate and collaborate with one another to improve caregiver supports and referrals. It will also collect important information about CCI partners.

We plan to collect this information now, and again every 6 months . This will allow us to characterize and understand how our caregiver service provider network grows and changes over time. The results of this survey will assist in developing a clear picture of our progress toward our goals and help us create a reflective practice to help inform the ongoing development of the Community Caregiving Initiative (CCI).

Results from this survey will be shared with grantees, participating organizations, and other key stakeholders in April, 2017, and semi-annually thereafter. Evaluation Specialists will analyze the responses from the survey and develop a series of graphic "maps". They will then present these "maps", along with other survey findings, to grantees and other key stakeholders and facilitate a process to explore and interpret them to understand the types and levels of systems change that occurred.

Survey instructions

We ask that each partner organization do the following 3 steps to complete the survey:

Step 1: Identify one person who will be responsible for completing the data collection process and entering the data into Survey Monkey every 6 months.

- This should be an employee involved in direct service for caregivers, who has the ability to gather information from program staff at the organization, and who can engage their colleagues in the process of completing the survey.
- This person should be well informed about the organization's participation in the Santa Barbara Caregiver grants and/or the Community Caregiver Initiative.
- Ideally, for consistency, this will be the same person over the next 12 to 18 months.

Step 2: Convene a small group from your organization to assist in completing the survey.

- This group should include a manager that is familiar with the Community Caregiving Initiative, and staff that are responsible for, or familiar with, providing services to caregivers. The goal is to include staff that can provide an assessment of communication and collaboration between your organization and other organizations that serve caregivers.
- We recommend printing a paper copy of the survey for each member of your small group, and asking them to complete it individually before participating in the group discussion. We have found this ultimately saves time, by allowing you to quickly identify areas of agreement and areas that need to be discussed to determine the best answer for your organization.
- We have provided a discussion guide for you to use if you find it helpful. As you engage in your small group discussion, record your organization's final response to each question. Have a designated person enter the final data for your organization into this survey.

Step 3: Enter the final information collected from your small group into this online survey.

- If you start filling out the survey and find you need more information, you can return to the survey multiple times and your information will be saved.

Survey confidentiality

Who will see how your organization answered? Only staff at Evaluation Specialists, an independent evaluation firm, will see the data you provide. They will report it in two ways.

Your answers to the first part of the survey will be seen by others. One purpose of the survey is to create "maps" showing how connected organizations are to each other currently. This will help us understand how the caregiver service network can improve, as well as how it changes and grows over time. To do this, questions #1 through #15 ask you to describe how much your organization shares information, communicates, collaborates, and makes referrals to other organizations in Santa Barbara County that serve caregivers. This information will be used to make the network "maps, so how you answer will be apparent to others who see the results.

The second part of the survey is confidential, and your answers will not be seen by others. Your responses to questions #16 through #35 will not be reported in a way that others can know how any individual organization answered. Responses to these questions will only be reported in a summary manner.

Characteristics of your organization

* 1. Which organization are you answering for?

- Adult and Aging Network
- Alzheimer's Association
- Antioch University
- Area Agency on Aging
- Coast Caregiver Resource Center
- Community Action Commission
- Community Partners in Caring
- Cottage Rehabilitation Hospital
- Life Steps Foundation - Santa Maria Wisdom Center
- Lompoc Skilled Nursing & Rehabilitation
- Lompoc Valley Community Healthcare Organization
- Lompoc Valley Medical Center/Lompoc Family Caregiver Support Center
- Marian Regional Medical Center
- Sansum Clinic
- Santa Barbara Cottage Hospital
- Santa Barbara County Coalition in Support of Promotores de Salud
- Santa Barbara County Adult Protection Services
- Santa Barbara County Public Health Department
- Valley Haven
- Visiting Nurse & Hospice Care
- Other (please specify)

* 2. Please select the option that best describes your organization, in relation to the Santa Barbara Community Caregiving Initiative (CCI).

- We are a funded CCI grantee
- We are a funded partner of a CCI grantee
- We are a non-funded partner of a CCI grantee
- We are a service provider working with caregivers, but are not affiliated with a CCI grantee
- Other (please specify)

* 3. What type of organization is this? (check all that apply)

- Social service provider
- Education institution
- Health care organization
- Information and referral organization
- Other (please specify)

* 4. Please tell us the names and job titles of all the people in your small group that have contributed to your organization's answers on this survey.

Communication with CCI partners and other organizations serving caregivers

* 5. Below is a list of CCI partners and other organizations that serve caregivers. In the last 6 months, how frequently have you communicated with each organization?

Communication can include email, phone calls, instant messaging, meeting together, or any other ways of exchanging information.

	Never	1 - 3 times in the past 6 months	4 - 5 times in the past 6 months	About once a month	2 - 3 times a month	Weekly or more frequently

Desired communication with CCI partners and other organizations serving caregivers

The questions you have just answered are about your recent interactions with other organizations that serve caregivers.

The next questions are different.

Now we want you to think about how you would ideally like these interactions to be in the future.

* 8. Ideally, how much communication with CCI partners and other organizations serving caregivers would you like to have?

	Less than we have now	About the same amount as we have now	A little more than we have now	A lot more than we have now
Adult and Aging Network	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Alzheimer's Association	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Antioch University	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Area Agency on Aging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Coast Caregiver Resource Center	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Community Action Commission	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Community Partners in Caring	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Cottage Rehabilitation Hospital	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Life Steps Foundation - Santa Maria Wisdom Center	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lompoc Skilled Nursing & Rehabilitation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lompoc Valley Community Healthcare Organization	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lompoc Valley Medical Center/Lompoc Family Caregiver Support Center	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

	Less than we have now	About the same amount as we have now	A little more than we have now	A lot more than we have now
Marian Regional Medical Center	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sansum Clinic	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Desired amount of referrals from CCI partners and other organizations serving caregivers

* 11. Ideally, how many referrals from CCI partners and other organizations serving caregivers would you like to receive?

Fewer than we receive now About the same as we receive now A little more than we receive now A lot more than we receive now

12. Is there anything you want to tell us about your desired levels of interaction with other agencies?

Please share your opinions and experiences

13. Can you please share a story that captures how your organization is making a positive difference in the life of a caregiver or their loved one?

14. What are some things you notice (including things you've heard, observations, evidence you've seen, or data you collect) that help you know you are making a positive difference in the lives of caregivers or their loved ones?

15. Is there anything else you would like to add or share regarding the CCI?

About your agency

Your responses to the remainder of the survey questions will be kept confidential. Only summaries of these questions will be reported, and none will be linked to any specific organization.

The remaining questions ask about your organization and the Community Caregiving Initiative in Santa Barbara County.

Please indicate how much you disagree or agree with the following statements.

* 16. Our staff understand that caregivers often need a range of social, medical, legal and financial supports.

- Strongly disagree
- Disagree
- Agree
- Strongly agree
- Not applicable

* 17. Our staff work to address a range of caregiver needs, including social, medical, legal and financial supports.

- Strongly disagree
