

Infant / Toddler Cloth Diaper Service

I am excited to announce that cloth diaper service will be provided to all Infant and Toddler students at Montessori Academy, who are in diapers, beginning in August 2017! This program has been in the works for over a year, as we have tested various styles of cloth diaper and worked with the service provider to customize the program for our school. Weecare, based in Middle Tennessee, will be providing this service. Parents will have no additional charge and do not need to complete any additional paperwork, as enrollment is automatic when your child enrolls at Montessori Academy.

Cloth diapers are in line with Montessori toileting and bring awareness to the child's body and their functions. The cloth diaper service will allow us to fully implement another piece of the Montessori 0-3 curriculum, which we are very excited about. When a child is ready to transition from the cloth diapers to cotton training underwear, they will be able to do so with no delay. When children are sent home for the day, they will be changed into a program provided disposable diaper or underwear from home, depending on the child's stage of development. **Parents do not need to send in any diapers for their child.**

If you are interested in signing up for home diaper service to maintain consistency between home and school, please contact me at saronson@montessoriacad.org . I am happy to answer any questions you may have and to assist with the optional home diaper service enrollment.

Sincerely,

Sara Aronson
Infant and Toddler Director
