PRACTICAL

Precision

For those who desire more flexibility in styling their residential or commercial applications, The Estate™ Collection is the innovative solution. Excellence in functionality is showcased in each thoughtfully designed element that accommodates a variety of solutions to areas of particular concern. Your remarkable styling possibilities can finally be brought to life with our ingenious customizable system design solutions.

OVERVIEW & BENEFITS

Why Estate™?

The Estate™ Rod Collections are the flagship of the Kirsch® Decorative Drapery Hardware product lines. Estate™ rods are a decorative, 2 inch traversing drapery rods with wheeled carriers that are designed to carry today's heavier draperies. Having set the interior design standard for decades, each of the four Estate™ collections are characterized by inspired finials, premium finishes, and precision engineered components. Buckingham®, Designer Metals™, Wood Trends™ and Chroma Collections are featured in countless luxury venues and designer homes throughout the world.

Benefits & Features

Ripplefold™

- Panels can be pressed flat, yet fall into folds
- Headings are suspended under the track
- No hooks or pins to install
- Stack back space is less than conventional Pleated draperies
- Draperies snap on and off carriers for easy installation
- Interior drapery appearance is identical to exterior-facing drapery appearance

Pleated

- Can be used with most track systems using slip-in or pin-on hooks.
- Headings can be suspended under the track
- A popular drapery heading style
- Four carriers per foot is standard. More carriers or rings can be ordered if necessary.
