### ALERT - Jewish Abortionist Attacks Girlfriend During Forced Abortion Attempt

Cherry Hill Women's Center in Cherry Hill, NJ was in the news recently when an ambulance transported an abortion patient to the hospital. This abortion clinic employs an abortionist named Dr. Eric Yahav, who moved to the United States from Israel in the late 1970s. In 2015, Dr. Yahav was caught on cell phone video attacking his pregnant girlfriend when she refused to abort their child. The girlfriend later fled to safety and obtained a protective order against him. A complaint with the New Jersey Board of Medical Examiners was closed without action, despite the hair-raising evidence of domestic abuse that was submitted in that case. Below is a 1:43 minute video of that attack.

[Dr. Yahav's bio](#) fails to acknowledge his domestic abuse history. Also absent is his practice at an illegal abortion facility that was closed by the state of Pennsylvania for drug-administering practices that resulted in a patient's death. His bio omits email or street address; however we sent a short note to him via his [Twitter account](#) and his [Facebook page](#). Please do likewise or drop him a line addressed to the Cherry Hill Women's Center located at 502 Kings Highway North, Cherry Hill, NJ 08034.

Dr. Yahav is obviously a very troubled individual who needs help - and not the first abortionist to want to kill his own child. [Dr. Bernard Nathanson](#), a founder of NARAL who operated New York City's Center for Reproductive and Sexual Health, performed over 50,000 abortions, including his own child. He became a pro-life advocate after watching a first trimester ultrasound guided abortion. You can watch the video [here](#). He is often quoted as saying abortion is "the most atrocious holocaust in the history of the United States.

Unfortunately, Dr. Yahav is one of many Jewish abortionists and abortion providers. Jewish names appear all too frequently on the [abortiondocs](#) website.

If you find one in your neighborhood, please let us know. We will initiate contact with them and send some of our hand held signs to the local group that prays outside your local abortion center.
