

Edssco Inc.'s "Integrated Facility Maintenance" program provides tremendous value, unmatched in the market today. We review the facility's operating equipment and then create a site specific maintenance plan that puts the right skill sets in place at the right time. We put all of this into one easy all-encompassing agreement. Our technically advanced and innovative information systems, tools and training programs allow us to provide services that reduce operating costs, improve responses, and increase tenant satisfaction. In addition, Edssco will provide a single point of contact that will be responsible for delivering the services you need when and where they are required. Let Edssco do what we do best, so that you can concentrate on your business focus.
